MOORISH LEADER'S HISTORICAL MESSAGE TO AMERICA

by: Prophet Noble Drew Ali

In connection with the aims, objects, rules and regulations of the Moorish Science Temple of America, I deem it proper to submit to you a brief statement of our organization, covering its inception, rise and progress and of the Mohammedan religion, which I hope will be satisfactory to you and be the means of causing you at all times to adhere to the principles of love, truth, peace, freedom, and justice in your relations with mankind in general. I further, most anxiously hope this brief statement will help you to more clearly see the duty and wisdom of at all times upholding those fundamental principles which are desired for our civilization and for the civilization of our posterity, such as obedience to law, respect and loyalty to government, tolerance, and unity.

We organized as the Moorish Temple of Science, in the year of 1925, and was legally incorporated as a civic organization under

A DIVINE WARNING BY THE PROPHET FOR THE NATIONS

by: Prophet Noble Drew Ali

The citizens of all free National Governments according to their National Constitution are all of one family, bearing one free National name. Those who fail to recognize the free National name of their Constitutional Government are classed as-- Undesirables, and are subject to all inferior names and abuses, and mistreatments that the citizens care to bestow upon them. And it is a sin for any group of people to violate the National Constitutional Laws of a free National Government; and cling to the names and the principles that delude to slavery.

I, the Prophet, was prepared by the Great God Allah to warn my people, to repent from their sinful ways, and go back to that state of mind to their fore-fathers Divine and National Principles-- that they will be law-abiders and receive their divine right as citizens according to the free National Constitution that was prepared

A History of Conversion to Islam in the United States, Volume 2 Patrick D. Bowen, 2017-09-11 In *A History of Conversion to Islam in the United States Volume 2 The African American Islamic Renaissance 1920 1975* Patrick D Bowen offers an in depth account of African American Islam as it developed in the United States during the fifty five years that followed World War I Having been shaped by a wide variety of intellectual and social influences the African American Islamic Renaissance appears here as a movement that was characterized by both great complexity and diversity Drawing from a wide variety of sources including dozens of FBI files rare books and periodicals little known archives and interviews and even folktale collections Patrick D Bowen disentangles the myriad social and religious factors that produced this unprecedented period of religious transformation

Moorish Circle 7 Keith Moore 32, 2005-05-04 This book is based on the theory that the black Muslim movement was created from the knowledge of the Masonic order In the early decades of the 20th century noble drew ali established a political and religious organization known today as the Moorish Science Temple of America It was this organization that exposed black to something other than the normal Christian influences of that day Ali a high degree freemason incorporated various Masonic teachings from an auxiliary group Known as the AEAONMS ancient Egyptian Arabic order of noble of the mystic shrine A pseudo Islamic Arabic oriental organization that served as a wake up call to a lost knowledge A knowledge that was taken away from Africans during the slave trades The theory behind this book is that the majority of the slaves that were taken from the west coast of Africa were practicing Muslims and these Muslims were forced to convert to Christianity under the strong oppression of slavery At one time Afro Americans were the biggest minority in the American society About 90% of the todays population of blacks are descendants of slaves that were brought to America for working on plantations since the 16th century At the beginning of the 19th century most of the so called Negroes lived in the plantation areas of the Southern States After the Civil War and the abolition of slavery it wasnt until the early 1920s and 30s that blacks were beginning to experiment with other faiths Of all the faiths Islam became the fastest growing religion and the most popular This book by far is in no way a research into black history instead it covers a more deeper aspect of history in which I call the history behind the history It explores the true Asiatic origins of the ancient religions of Hinduism Buddhism well as the Islamic faith Finally It explores the Masonic symbolisms of alis Moorish science dogma digging deeper into the esoteric side of his Aquarian Masonic teaching explaining their origins and discovering an age old wisdom that had been kept hidden from the human eye One would think that Africans in the Americas would have rejected the religious tradition of their European oppressors taking into consideration that African religions are far older they possess more sources of knowledge spiritual salvation Yet there are those who have turned away from traditional Christian dominated environments in order to find a greater understanding of themselves and the world in which they live One alternative has been to seek knowledge in the various religious groups that arose in the 20th century
