work lifestyle is familiar to most people get dressed in your company clothes commute to work work in a room with a few
other people take scheduled breaks et cetera But remote workers at online jobs don t encounter most of those situations
They don t need to get dressed in company attire or commute to work But it can be difficult for online workers to navigate
working away from the office Best practices are not as well defined because online work at least in its current form is still
relatively new so it can be difficult to know how you should act when working from home There is no single formula for how

need to learn what works best for you when managing your priorities and time and everyone is slightly different That said
there are a few common practices you can expect to use as a remote worker In this guide we ve compiled the best practices
