Mystical Languages Of Unsayng Mystical Languages Of Unsayng:

Mystical Languages of Unsayng Michael A. Sells, 1994-05-02 The subject of *Mystical Languages of Unsayng* is an important but neglected mode of mystical discourse apophasis which literally means speaking away Sometimes translated as negative theology apophatic discourse embraces the impossibility of naming something that is ineffable by continually turning back upon its own propositions and names In this close study of apophasis in Greek Christian and Islamic texts Michael Sells offers a sustained critical account of how apophatic language works the conventions logic and paradoxes it employs and the dilemmas encountered in any attempt to analyze it This book includes readings of the most rigorously apophatic texts of Plotinus John the Scot Eriugena Ibn Arabi Marguerite Porete and Meister Eckhart with comparative reference to important apophatic writers in the Jewish tradition such as Abraham Abulafia and Moses de Leon Sells reveals essential common features in the writings of these authors despite their wide ranging differences in era tradition and theology By showing how apophasis works as a mode of discourse rather than as a negative theology this work opens a rich heritage to reevaluation Sells demonstrates that the more radical claims of apophatic writers claims that critics have often dismissed as hyperbolic or condemned as pantheistic or nihilistic are vital to an adequate account of the mystical languages of unsaying This work also has important implications for the relationship of classical apophasis to contemporary languages of the unsayable Sells challenges many widely circulated characterizations of apophasis among deconstructionists as well as a number of common notions about medieval thought and gender relations in medieval mysticism

notions about medieval thought and gender relations in medieval mysticism Christian Mysticism Dr Kevin Magill, Dr Louise Nelstrop, Mr Bradley B Onishi, 2013-06-28 This book introduces students to Christian mysticism and modern critical responses to it Christianity has a rich tradition of mystical theology that first emerged in the writings of the early church fathers and flourished during the Middle Ages Today Christian mysticism is increasingly recognised as an important Christian heritage relevant to today's spiritual seekers The book sets out to provide students and other interested readers with access to the main theoretical approaches to Christian mysticism including those propounded by William James Steven Katz Bernard McGinn Michael Sells Denys Turner and Caroline Walker Bynum It also explores postmodern re-readings of Christian mysticism by authors such as Jacques Derrida Jean Luc Marion and Jean Fran ois Lyotard The book first introduces students to the main themes that underpin Christian mysticism It then reflects on how modern critics have understood each of them demonstrating that stark delineation between the different theoretical approaches eventually collapses under the weight of the complex interaction between experience and knowledge that lies at the heart of Christian mysticism In doing so the book presents a deliberate challenge to a strictly perennialist reading of Christian mysticism Anyone even remotely familiar with Christian mysticism will know that renewed interest in Christian mystical writers has created a huge array of scholarship with which students of mysticism need to familiarise themselves This book outlines the various modern theoretical approaches in a manner easily accessible to a reader with little or no previous knowledge of this area and offers a philosophical theological introduction to Christian mystical writers beyond the patristic period important for the Latin Western Tradition *The Silent God and the Silenced* Min-Ah Cho, 2025-02-01 A groundbreaking exploration of the transformative power of silence The Silent God and the Silenced Mysticism and Contemplation amid Suffering explores the theological and spiritual dimensions of silence challenging traditional speech silence dichotomies Cho investigates the silenced voices of the vulnerable interweaving Christian mysticism literature and art to reveal silence's subversive potential in unlearning dominant narratives The book advocates a theological approach that seriously considers silence and prioritizes attentive listening to promote genuine accountability By engaging with figures such as Evagrius Ponticus Hadewijch of Antwerp Michel de Certeau and Simone Weil alongside contemporary voices like Theresa Hak Kyung Cha and Arundhati Roy the book offers fresh perspectives on the transformative power of silence in today's turbulent world This interdisciplinary exploration will intrigue scholars and enthusiasts of theology literature and art Readers will discover how silence can serve as a counterpoint to the noise and violence of modern life providing avenues for resisting injustice and fostering contemplative transformative pathways to spiritual and intellectual growth The Harvest of Mysticism in Medieval Germany (1300-1500) Bernard McGinn, 2005 The fourth volume in the universally acclaimed The Presence of God series The Harvest of Mysticism is a tour de force study of medieval German mysticism from Thomas Aquinas and his master Albert the Great to Cardinal Nicholas of Cusa and including Jan van Ruusbroeck Meister Eckhart and John Tauler **Pluralism: The**

Future of Religion Kenneth Rose, 2013-03-28 Theology of religions has defaulted in the last two decades to an epicyclic inclusivism which seeks to undermine pluralism with claims that it is covertly triumphalistic and that it mirrors the logic of exclusivism With the exception of pioneers in the field such as John Hick and Paul Knitter most major figures in this theological field have retreated from pluralism and promote versions of particularism and inclusivism Pluralism The Future of Religion argues for an apophatic pluralism that is motivated by the insight that it is impossible to secure universal assent for changeable bodies of religious teachings This insight implies the non finality and consequent departicularization of all religious teachings and their inclusivistic defenses These conclusions point us inevitably toward pluralism and lead us out of the inclusivistic impasse of contemporary theology in religions The Mysticism of Marginal Spirits José Jorge de Carvalho, 2000 *The American Journal of Islamic Social Sciences*, 2005 **Masters of Learned Ignorance** Donald F. Duclow, 2006 In these papers Duclow views the thought of Eriugena Eckhart and Cusanus through the lens of contemporary philosophical hermeneutics He highlights the interplay of creativity symbolic expression and language interpretation and silence as they comment on the mind's work in naming God This work itself becomes mystical theology when negation opens into a silent awareness of God's presence from which the Word once again speaks within the mind Comparative studies with Gregory of Nyssa Pseudo Dionysius Anselm and Hadewijch suggest the book's wider implications for medieval philosophy and theology **Women & Christianity** Mary T. Malone, 2001 Students and scholars of Christian history will find Women Christianity a refreshing and valuable resource Women Christian or otherwise who seek an understanding of their past and their present will also find this book helpful **BOOK JACKET** *Allegories of Love in Marguerite Perle's Mirror of Simple Souls* Suzanne Kocher, 2008 Medieval Women Texts Contexts **Dante and His Literary Precursors** John C.
