**Beginner's Guide to Starting Your Own Model Train Collection (Scenery, Track Plans, and Layouts)** Debbie J.,2012-02-29 ABOUT THE BOOK Model railroading is an activity that captivates people of all ages and genders There is something endlessly fascinating about trains and miniature trains are the most fascinating of all It s a great pastime that provides a creative outlet a lot of enjoyment and the camaraderie of fellow enthusiasts Model railroading is a very adult pastime that makes you feel like a kid again Best of all it s a hobby that you can enjoy as a family parents and children together It really is the world s greatest hobby Many are attracted to model railroading but don t know where to begin You may have seen the impressive layouts created by model railroad enthusiasts and worry that you don t have sufficient space or resources to create something similar Having sufficient know how to assemble track build scenes or keep electronic components in good working order may also seem like a deterrent Cost can

also be a factor However you don t have to be an expert to build your first model railway Model railroading has a very large support community It s easy to find an answer to virtually any question you may have about building and maintaining a model train collection both in person and on the Internet EXCERPT FROM THE BOOK Scale refers to the relationship between model trains and the real thing O scale used to be called 1 48 with HO scale at 1 87 but measurements have changed somewhat For the novice it s best to not get too mired in scale details Suffice it to say that O scale is the largest model train and is not very common as it requires more space than most people can allot HO scale is the most prevalent and the standard for most model railroaders having the most product selection availability N is smaller than HO and although there is a good selection many hobbyists prefer HO since N requires a higher degree of detail and ability to work with miniature parts Much depends on individual preference If you just want miles and miles of track and lots of trains going around N is great If you want to re create an elaborate scene with buildings people and geographical features HO is better If you get into model railroad building in a big way you may eventually want to explore other scales but most model train hobbyists are happiest with HO or N Buy a copy to keep reading
