

MIDDLE CLASS SCHOLARSHIP UPDATE

The Middle Class Scholarship will be delayed!

We want to provide an update regarding the Spring 2025 Middle Class Scholarship (MCS). We anticipated disbursing the spring portion of this award this month. However, the California Student Aid Commission (CSAC) has requested all statewide MCS disbursements be delayed until further notice. CSAC is currently working to resolve an issue and will notify campuses when MCS disbursements can resume, as well as any changes to the MCS award. This should not impact the disbursement of your other financial aid for the spring term.

We understand that this delay may cause an inconvenience. Rest assured; we are working closely with CSAC to determine the final MCS spring term award amount and will keep you informed of any developments.

Phygital Approaches to Social Marketing Djakeli, Kakhaber, 2024-10-04 In social marketing the concept of phygital approaches blending physical and digital experiences has emerged as a transformative strategy. As consumers navigate the digital world, implementing phygital techniques offers a unique opportunity to create immersive and engaging brand interactions. Phygital marketing combines the sensory experiences of physical environments with the immediacy and data-driven precision of digital platforms to enhance customer engagement and loyalty while providing valuable analytics into consumer behavior. Further research into social marketing is necessary to understand how it may help businesses and organizations balance workplace wellbeing, customer communication, and the physical and emotional happiness of employees and consumers. *Phygital Approaches to Social Marketing* develops guidelines for proper social marketing research, study, teaching, and practical social marketing campaigns. It explores modern marketing through social, cultural, and economic theories, revealing how digital technology can be used to influence customer emotions and spending while creating sustainable business environments. Social Media for Student Affairs in #HigherEducation Brandon C. Waite, Darren A. Wheeler, 2020-02-28 Given the ubiquity of online technologies in the lives of high school and college students, universities are increasingly turning to social media for the purpose of organizational communication. This book shines a light on these practices in order to better understand how platforms such as Facebook, Twitter, Instagram, and Snapchat are being used within the realm of student affairs. Each chapter will explore a different dimension of student affairs, e.g., admissions, career services, student health services, to provide an overview of key challenges and how new social media tools can be used to solve them. By providing examples that illustrate these evolving trends, this book is intended to help higher education professionals develop creative social media solutions that are appropriate for their own situations as they seek to strategically integrate social media into their student affairs efforts.
