Nativities Of The World:

Nativities of the World Susan Topp Weber, 2013-11-26 Nativities from around the world in a dazzling variety of styles Nearly one hundred nativities from all over the world most of which have never before appeared in any book are collected here Artisans from locales as diverse as the Czech Republic Guyana Burkina Faso and Bangladesh are represented There are nativities made with materials ranging from hand carved wood blown glass and wool to more unique materials such as salt dough dried maguey cactus and recycled bicycle parts The artistry ingenuity and diversity of these creations are greatly prized by thousands of nativity collectors worldwide many of whom have graciously allowed pieces from their own collections to be photographed for this book **Abraham Ibn Ezra Latinus on Nativities** , 2019-03-27 Abraham Ibn Ezra was reborn in the Latin West in the last decades of the thirteenth century thanks to a plethora of authored and anonymous Latin translations of his astrological writings The present volume offers the first critical edition accompanied by an English translation a commentary and an introductory study of Liber nativitatum Book of Nativities and Liber Abraham Iudei de nativitatibus Book on Nativities by Abraham the Jew two astrological treatises in Latin that were written by Abraham Ibn Ezra or attributed to him and whose Hebrew source text or archetype has not survived The first is undoubtedly an anonymous Latin translation of the second version of Ibn Ezra s Sefer ha moladot Book of Nativities whose Hebrew source text is otherwise lost The second is the most mysterious specimen among the Latin works attributed to Ibn Ezra that have no extant Hebrew counterpart The present volume shows not only that the Liber Abraham Iudei de nativitatibus underwent a significant metamorphosis over time and was transmitted in four significantly different versions but also that its date of composition is not that previously accepted by modern scholarship These volumes represent a major achievement in the history of medieval astrology and it is no wonder that they have already become classics often referred to by specialists in the field including by this reviewer David Juste Ptolemaeus Arabus et Latinus Munich Journal for the History of Astronomy 51 I 2020 Nativities of the World RaNae Merrill, Margie Merrill, 2024-12-02 Around the world the Nativity is celebrated by people of many different cultures Each region and artist has its own unique way of depicting that wonderful night so long ago when angels announced the birth of Baby Jesus Over the last 50 years the Merrill family and their friends have collected over 200 Nativity sets from all over the world and they are presented here in this book As you look through the pages notice the different settings the cribs for Jesus the clothing and the animals representing the nationalities of people all over the world Read the stories of how each Nativity set came to be a part of our family s Christmas celebrations Feel the true spirit of Christmas as you enjoy the beautiful Nativities in this book Abraham Ibn Ezra on Nativities and Continuous Horoscopy Shlomo Sela, 2013-09-27 The present volume offers the first critical edition accompanied with English translation and commentary of Sefer ha Moladot which addresses the doctrine of nativities and the system of continuous horoscopy in nativities and of Sefer ha Tequfah which is devoted exclusively to continuous horoscopy in nativities The doctrine of nativities

makes predictions about the whole of an individual's subsequent life on the basis of the natal chart and the system of continuous horoscopy in nativities is concerned with the interval between life and death and makes predictions based mainly on anniversary horoscopes which are juxtaposed with the natal horoscope To Abraham Ibn Ezra's mind not only are these two doctrines the core of astrology they also epitomize the praxis of the astrological matter Sela has provided explanatory appendices and very interesting notes about Jewish attitudes toward the sciences and astrology in the middle ages Reference Research Book News 2013 **Art of the Crèche** James L.
