William D. Crump, 2022-12-30 From the manger of Jesus Christ to the 21st century this encyclopedia explores more than 2 000 years of Christmas past and present through 966 entries packed with a wide variety of historical and pop culture subjects Entries detail customs and traditions from around the world as well as classic Christmas movies TV series specials and animated cartoons Arranged alphabetically by entry name the book includes the historical background of popular sacred and secular songs as well as accounts of beloved literary works with Christmas themes from such noted authors as Charles Dickens Louisa May Alcott Hans Christian Andersen Pearl Buck Henry Van Dyke and others All things Christmas are available here in one comprehensive volume Guarded by Two Jaguars Eric Hoenes del Pinal, 2023-03-14 In communities in and around Cobán Guatemala a small but steadily growing number of members of the Q'eqchi' Maya Roman Catholic parish of San Felipe began self identifying as members of the Catholic Charismatic Renewal Their communities dramatically split as mainstream and charismatic Catholic parishioners who had been co congregants came to view each other as religiously distinct and problematic others In Guarded by Two Jaguars Eric Hoenes del Pinal tells the story of this dramatic split and in so doing addresses the role that language and gesture have played in the construction of religious identity Drawing on a range of methods from linguistic and cultural anthropology the author examines how the introduction of the Catholic Charismatic Renewal movement in the parish produced a series of debates between parishioners

that illustrate the fundamentally polyvocal nature of Catholic Christianity This work examines how intergroup differences are produced through dialogue contestation and critique It shows how people s religious affiliations are articulated not in isolation but through interaction with each other Although members of these two congregations are otherwise socially similar their distinct interpretations of how to be a good Catholic led them to adopt significantly different norms of verbal and nonverbal communication These differences became the idiom through which the two groups contested the meaning of being Catholic and Indigenous in contemporary Guatemala addressing larger questions about social and religious change
