Nc State Employer Tax Guide 2015:

Handbook on the Politics of Taxation Hakelberg, Lukas ,Seelkopf, Laura,2021-09-14 This comprehensive Handbook provides an insight into the main concepts and academic debates on taxation from a political science perspective Providing a background to current debates on green taxation taxation and inequality taxation and gender tax evasion and avoidance and tax compliance it offers potential avenues for future research ProQuest Statistical Abstract of the United States 2018 ProQuest,Bernan Press,2017-12-15 The Statistical Abstract of the United States has provided a statistical portrait of social political demographic and economic conditions of America since 1878 This 2018 edition continues the heritage begun so long ago by the U S government with the U S Census Bureau being the last agency to produce the compendium at government expense Now in our sixth annual edition Bernan and ProQuest carry on the proud tradition and responsibility of creating the statistical portrait of America Librarians value the Statistical Abstract as both an answer book and a guide to statistical sources Long time users of the Statistical Abstract of the United States expect each new edition to carry forward much of the content from prior editions as well as introduce new data as America continues to evolve Our editors are committed to updating the long standing historical statistics as new data becomes available as well as finding new topics to cover The 2018 edition introduces 40 new tables covering a variety of topics such as Health Insurance Enrollment and Coverage Medicare and Medicaid Dual Enrollment and Medicare Utilization Prescription Psychotherapeutic Drug Use Foodborne Disease Outbreaks and Illnesses Presidential Pardons and Commutations Active Duty Military Personnel and Veterans Enrolled in Higher Education Freedom of Information Act FOIA And much more **Our Selfish Tax Laws** Anthony C. Infanti,2018-10-02 Why tax law is not just a pocketbook issue but a reflection of what and whom we as a society value Most of us think of tax as a pocketbook issue how much we owe how much we ll get back how much we can deduct In *Our Selfish Tax Laws* Anthony Infanti takes a broader view considering not just how taxes affect us individually but how the tax system reflects our culture and society He finds that American tax laws validate and benefit those who already possess power and privilege while starkly reflecting the lines of difference and discrimination in American society based on race ethnicity socioeconomic class gender sexual orientation and gender identity immigration status and disability Infanti argues that instead of focusing our tax reform discussions on which loopholes to close or which deductions to allow we should consider how to make our tax system reflect American ideals of inclusivity rather than institutionalizing exclusion After describing the theoretical and intellectual underpinnings of his argument Infanti offers two comparative case studies examining the treatment of housing tax expenditures and the unit of taxation in the United States Canada France and Spain to show how tax law reflects its social and cultural context Then drawing on his own work and that of other critical tax scholars Infanti explains how the discourse surrounding tax reform masks the many ways that the American tax system rewards and reifies privilege To counter this Infanti urges us to work together to create a society with a tax system that respects and values all

Americans **Child Support Guidelines** Laura W. Morgan, 2011-09-28 Child Support Guidelines Second Edition is the only comprehensive guidebook for determining child support awards that takes practitioners step by step through the interpretation and application of the guidelines and their worksheets in both the normal and exceptional child support case. This unique publication thoroughly covers each state's version of one of the three basic models for determining child support: the percentage of income model, the income shares model, and the Melson formula. Important issues affecting calculations are clearly explained, including: Definition of "income" under the guidelines; The impact of divided custody, shared custody, split custody, and extended visitation; Second household expenses; other dependents; subsequent children and stepchildren; Impact of a private contract on the court's decision to apply the guideline amount; Deviation from the guidelines for a high income parent; Deviation from the guidelines to pay for medical expenses, private school, and child care expenses; Imputed income; Modification of prior awards; And more. *State Income Taxes*, 1992 **Political Handbook of the World 2018-2019** Tom Lansford, 2019-03-19 The Political Handbook of the World provides timely, thorough, and accurate political information with more in-depth coverage of current political controversies than any other reference guide. The updated 2018-2019 edition will continue to be the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup. Compiling in one place more than 200 entries on countries and territories throughout the world, this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system. It also provides names of key ambassadors and international memberships of each country, plus detailed profiles of more than 30 intergovernmental organizations and UN agencies. This comprehensive update will include coverage of current events, issues, crises, and controversies from the course of the last two years, including: Elections across Europe; Referendum in Ireland; Rohingya genocide in Myanmar; The Venezuelan dictatorship; The renaming of Swaziland to eSwatini; Qatar diplomacy changes; Historic meeting between the United States and North Korea; Establishment of a new governing coalition in Liberia. Beyond Norma Rae Aimee Loiselle, 2023-11-03 In the late 1970s, Hollywood producers took the published biography of Crystal Lee Sutton, a white southern textile worker, and transformed it into a blockbuster 1979 film, *Norma Rae*, featuring Sally Field in the title role. This fascinating book reveals how the film and the popular icon it created each worked to efface the labor history that formed the foundation of the film's story. Drawing on an impressive range of sources, union records, industry reports, film scripts, and oral histories, Aimee Loiselle's cutting-edge scholarship shows how gender, race, culture, film, and mythology have reconfigured and often undermined the history of the American working class and its labor activism. While *Norma Rae* constructed a powerful image of individual defiance by a white working-class woman, Loiselle demonstrates that female industrial workers across the country and from diverse racial backgrounds understood the significance of cultural representation and fought to tell their own stories. Loiselle painstakingly reconstructs the underlying histories of working women in this era and makes clear that cultural depictions must be understood as the complicated
