**Communion with God** Neale Donald Walsch, 2002-10-01 Neale Donald Walsch has changed the way the world thinks about God His books have been translated into twenty five languages and his Conversations With God series book 1 book 2 and book 3 have all been New York Times bestsellers book 1 for over two years In the Conversations books Walsch shared with his readers the beginning of a sacred relationship as he began an exchange with God on everything from love and faith to life and death and good and evil And then as Walsch recounted in Friendship with God something else extraordinary began to happen His relationship with God began to strengthen and deepen just as our own relationships do into a friendship Now in Communion with God his most richly intimate book yet Walsch discovers how to elevate that friendship to a state of communion In this blueprint for seekers he reveals The Ten Illusions of Man the misconceptions we hold about ourselves and our world and our God He describes with striking clarity how we might heal the great divide that has arisen from these illusions And as he explores the true meaning of bringing God into our everyday lives of having the courage of our convictions Walsch shows us that we can only break free from our illusions when we act always from a place of deep fellowship with all that is holy a place of communion with God

**False Dawn** Lee Penn, 2004 The interfaith movement which began with the 1893 World s Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today s interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the

vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI s proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People s Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non s time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion.org     Communion with God Guidebook Maggie Reigh, Christina Erl-Daniels, 2009-01-01 Neale Donald Walsch s companion ook to his COMMUNION WITH GOD text Fear infiltrates our society today and can easily permeate every aspect of our lives if we allow it to do so Never before have we been so called to see fear for what it is illusion disguised in many forms and often parading about as principles and values Communion with God by Neale Donald Walsch published in was a book ahead of its time Coming before and in many ways going beyond The Secret The Law of Attraction and countless others Communion with God shows us how to USE the illusions for the purpose they were intended to experience life in its fullness in our free will choice highest In the text Communion with God Neale received and translated God s answers and recommendations to living an extraordinary life as a Spiritual Being on a human
