*Chemical and Bioprocess Engineering* Ricardo Simpson, Sudhir K. Sastry, 2013-12-04 The goal of this textbook is to provide first year engineering students with a firm grounding in the fundamentals of chemical and bioprocess engineering However instead of being a general overview of the two topics Fundamentals of Chemical and Bioprocess Engineering will identify and focus on specific areas in which attaining a solid competency is desired This strategy is the direct result of studies showing that broad based courses at the freshman level often leave students grappling with a lot of material which results in a low rate of retention Specifically strong emphasis will be placed on the topic of material balances with the intent that students exiting a course based upon this textbook will be significantly higher on Bloom's Taxonomy knowledge comprehension application analysis and synthesis evaluation creation relating to material balances In addition this book also provides students with a highly developed ability to analyze problems from the material balances perspective which leaves

them with important skills for the future The textbook consists of numerous exercises and their solutions Problems are classified by their level of difficulty Each chapter has references and selected web pages to vividly illustrate each example In addition to engage students and increase their comprehension and rate of retention many examples involve real world situations

**Optimizing AdWords** Paige Miller,2016-03-31 Optimizing AdWords provides the information marketers and future marketers need to harness the power of the Google s AdWords search engine marketing applications It provides a big picture overview of the AdWords system helping businesses and individuals decide how to advertise products or their clients products Optimizing AdWords was written for those at every rung of the ladder from Marketing Directors to small business owners to students just starting out in marketing This volume is organized around accessibility and ease of use Author Paige Miller co founder of MultiPlanet Marketing Inc has written this how to guide to be super easy and fast to read and absorb It moves you straight to the salient points of the text allowing readers to take on AdWords in overview before coming back and collecting the finer details Chapters 1 through 4 cover the basics while the rest serve as a reference readers can come back to in building and growing campaigns Using this book professional marketers and other business professionals can utilize Google AdWords and optimize it for existing marketing strategies or create whole new campaigns based around the system Today given the level of competition for ad positions on Google search pages success hinges on understanding Google AdWords well enough to outperform competition This book will provide readers with the knowledge necessary to master Google AdWords
