*The Love Coupon* Ainslie Paton, 2018-04-09 How many coupons does it take to fall in love Flick Dalgetty knows what she wants and how to get it which is why she's about to start her dream job in Washington Until then she needs somewhere to crash and Tom O'Connell's place is her sole option He's a repressed antisocial ogre but man can he kiss For Tom being around Flick is like being too close to the sun Her untamed energy is overwhelming and he'd spontaneously combust if he had to live with her long term Housemates with benefits and an expiration date suits him just fine Then Flick gives Tom thirty coupons each entitling him to one obligation free activity from bowling and bubble bathing to morning delight removing all the guesswork from being incompatible partners and shifting their fling into high gear Now the problem is their arrangement is drawing to a close and they might be falling in love and there wasn't a coupon for that This book is approximately 90 000 words One click with confidence This title is part of the Carina Press Romance Promise all the romance you're looking for with an HEA/HFN It's a promise Carina Press acknowledges the editorial services of Mackenzie Walton [Digital Virtues and Memes](#) Alistair Davidson, 2014-11-04 [Digital Virtues and Memes](#) focuses upon the consequences of being involved with the Internet in many ways Increasingly marketers are using the Internet to test and craft creative ways of extracting money from your pocketbook Companies are building profiles of you and your activities And cybercriminals are breaking into companies and finding out too much about you Yet the Internet and mobile devices like smart phones are increasingly useful This is the first book to address best practices in defending yourself on the Internet avoiding spending too much money and regaining control of your life [Yachting](#), 1981-07 [Forever 1980s Teenager: Family, Friends, Music and Memories](#) Paul Tannahill, 2025-06-30 To be a teenager in the 1980s What a great time it was The 80s Metal bands the shopping malls the arcades video stores and even the big hair The 1980s were big over the top and glorious And then one day we realized that it was all gone As a teenager I gave little thought as to what the future could be like I had no reason to believe that many of the places and pastimes of my youth would become almost obsolete In my young mind life as an adult would continue on with little change to the places and life that I so enjoyed But I was wrong Progress moving forward advancing whatever one wishes to call it the 1980s did not just disappear as a group of numbers The places and activities which they encompassed also began to fall into the abyss of time But time brings other changes to our lives as well Such as the loss of loved ones As we get older we learn what time is capable of taking from us The places and people of our youth who were once filled with love and life succumb to the grip of time But what it cannot take away from us is the incredible memories friendships and family love that become engraved in our minds and hearts with a crystal purity that time will never be able to rob from us This is my story of how time moves forward leaving only memories in its wake But this is also my story of what it was like to be a teenager in the 1980s Stories of activities and culture that many youth today may find difficult to believe really happened What was it like to be a mall rat What was it like to see video stores on every corner What was it like to go out and

purchase a physical vinyl record instead of downloading one Come back in time with me and reminisce about the life of a teenager in the 1980s and how the future decades came to change so much of what was once an easier time *Macworld*,1996 **MotorBoating**,1979-05 **Social Media Strategy** Keith A.
