Women and English Piracy, 1540-1720 John C. Appleby, 2013 Piracy was one of the most gendered criminal activities during the early modern period As a form of maritime enterprise and organized criminality it attracted thousands of male recruits whose venturing acquired a global dimension as piratical activity spread across the oceans and seas of the world At the same time piracy affected the lives of women in varied ways Adopting a fresh approach to the subject this study explores the relationships and contacts between women and pirates during a prolonged period of intense and shifting enterprise Drawing on a wide body of evidence and based on English and Anglo American patterns of activity it argues that the support of female receivers and maintainers was vital to the persistence of piracy around the British Isles at least until the early seventeenth century The emergence of long distance and globalized predation had far reaching consequences for female agency Within colonial America women continued to play a role in networks of support for mixed groups of pirates and sea rovers at the same time such groups of predators established contacts with women of varied backgrounds in the Caribbean and the Indian Ocean As such female agency formed part of the economic and social infrastructure which supported maritime enterprise of contested legality But it co existed with the victimisation of women by pirates including the Barbary corsairs As this study demonstrates the interplay between agency and victimhood was manifest in a campaign of petitioning which challenged male perceptions of women's status as victims Against this background the book also examines

the role of a small number of women pirates including the lives of Mary Read and Ann Bonny while addressing the broader issue of limited female recruitment into piracy JOHN C APPLEBY is Senior Lecturer in History at Liverpool Hope University

Queen of the Courtesans Barbara White,2014-06-02 Fanny Murray was an incomparable Georgian beauty and the most desired courtesan of the 1750s The daughter of an impoverished musician from Bath she took London society by storm not only as the most prized purchaseable beauty of her day but also as a fashion icon and muse to poets writers and artists She counted princes aristocrats and politicians among her friends and lovers but relished the company of rogues fraudsters and ne'er-do-wells Barbara White presents evidence to suggest that Fanny Murray participated spiritedly in the sexual antics of the notorious Monks of Medmenham the most infamous of the Hell fire Clubs After she retired from prostitution Fanny Murray reinvented herself entering a pragmatic marriage with the Scottish actor David Ross Surprisingly her virtues as a devoted and faithful wife became almost proverbial Even so Murray could not escape her disreputable past In 1763 a scurrilous poem dedicated to her caused a national scandal that ended in the infamous trial of the radical politician John Wilkes for obscene libel Barbara White's portrait of Fanny Murray takes readers from the brothels of Covent Garden to sex romps at Medmenham Abbey from refined drawing rooms in London to marital respectability in Edinburgh This is an illuminating contribution to the scholarly understanding and popular appreciation of a complex and intriguing period of British history Fanny Murray's triumph against almost insuperable odds is a remarkable story as rich in the telling as it is enthralling

Women Sailors and Sailors' Women David Cordingly,2001 The fall of 1856 was one of the worst seasons that sailors off the coast of Cape Horn had ever seen The clipper ship Neptune's Car a trading vessel from New York had battled huge waves and gale force winds for weeks Desperate to save his men and cargo from the violent storm Captain Joshua Patten spent eight sleepless days and nights on deck On the ninth day at the helm he collapsed with a raging fever and his crew panicked As freezing rain and wind howled through the rigging and death seemed imminent just one person on board stepped forward to take control of the ship Captain Patten's nineteen year old wife Mary then five months pregnant with their first child When the ship safely reached its destination of San Francisco that November Mary Patten was hailed as a national heroine What was a young woman doing on board a clipper ship in 1856 And how could she have been skilled enough to navigate a 216 foot vessel through a storm Maritime history is rich with tales of male adventurers sailors captains and pirates In fact we think of the high seas as an all male world But what about women Were wives and daughters left ashore relegated to a landlubber's existence To answer these questions maritime scholar David Cordingly has written an

inspired illuminating and highly readable book that reveals the vibrant history of women and the sea Drawing on years of research into the journals ship s logs and diaries of extraordinary women like Mary Patten Cordingley has resurrected the incredible stories of a forgotten population He re creates a time when captain s wives shared Christmas dinners in Tahitian harbors and when one Hannah Snell served aboard a British naval ship for four years without revealing her identity as a woman
