Testing and Assessment in Translation and Interpreting Studies Claudia V. Angelelli, Holly E. Jacobson, 2009 Testing and Assessment in Translation and Interpreting Studies examines issues of measurement that are essential to translation and interpreting Conceptualizing testing both as a process and a product the collection of papers explores these issues across languages and settings including university classrooms research projects the private sector and professional associations The authors have approached their chapters from different perspectives using a variety of methods some focusing on very specific variables and others providing a much broader overview of the issues at hand Chapters range from a discussion of the measurement of text cohesion in translation the measurement of interactional competence in interpreting the use of a particular scale to measure interpreters renditions to the application of a specific approach to grading or general program assessment such as interpreter or translator certification at the national level or program admissions processes These studies point to the need for greater integration of research and practice in the specific area of testing and assessment and are a welcome addition to the field

Medical Interpreting and Cross-cultural Communication Claudia V. Angelelli, 2004-10-21 When healthcare providers and patients do not speak the same language medical interpreters are called in to help In this book the first ever ethnographic study of a bilingual hospital Claudia Angelelli explores the role of medical interpreters drawing on data from over 300 medical encounters and interviewing the interpreters themselves about the people for whom they interpret their challenges and how they characterize their role Traditionally the interpreter has been viewed as a language conduit with little power over the medical encounter or the relationship between patient and provider This book presents an alternative view considering the interpreter's agency and contextualizing the practice within an institution that is part of a larger society Bringing together literature from social theory social psychology and linguistic anthropology this book will be welcomed by anyone who wants to discover the intricacies of medical interpreting firsthand particularly researchers communication specialists policy makers and practitioners

National Standards for Culturally and Linguistically Appropriate Services in Health Care United States. Office of Minority Health, 2001 *The Routledge Handbook of Interpreting and Cognition* Christopher D. Mellinger, 2024-10-07 The Routledge Handbook of Interpreting and Cognition provides an overview of the interrelated nature of interpreting and cognition The Handbook presents in depth discussions of cognitive aspects of the task of interpreting and how researchers and practitioners alike have applied these findings to the practice of interpreting With contributions from scholars working within multiple theoretical and methodological paradigms across various disciplines this Handbook allows readers to engage with current thinking on cognitive processes behaviors and activities in a single space The volume traces the historical progression of cognitive inquiry into interpreting on various topics highlighting methodological advances and possibilities that can further our understanding of this cross language activity With an editor's introduction and 25 chapters by global authorities the Handbook offers broad coverage of cognitive

aspects of interpreting while identifying new avenues for future research This is an essential reference for students and researchers of interpreting in translation and interpreting studies as well as those interested in cognitive aspects of interpreting in bilingualism second language acquisition cognitive psychology and beyond
