Medical Interpreting And Cross Cultural Communication:

Medical Interpreting and Cross-cultural Communication Claudia V. Angelelli, 2004-10-21 When healthcare providers and patients do not speak the same language medical interpreters are called in to help In this book the first ever ethnographic study of a bilingual hospital Claudia Angelelli explores the role of medical interpreters drawing on data from over 300 medical encounters and interviewing the interpreters themselves about the people for whom they interpret their challenges and how they characterize their role Traditionally the interpreter has been viewed as a language conduit with little power over the medical encounter or the relationship between patient and provider This book presents an alternative view considering the interpreter s agency and contextualizing the practice within an institution that is part of a larger society Bringing together literature from social theory social psychology and linguistic anthropology this book will be welcomed by anyone who wants to discover the intricacies of medical interpreting firsthand particularly researchers communication specialists policy makers and practitioners

Healthcare Interpreting Franz Pöchhacker, Miriam Shlesinger, 2007-04-06 This volume the first ever collection of research on healthcare interpreting centers on three interrelated themes cross cultural communication in healthcare settings the interactional role of persons serving as interpreters and the discourse patterns of interpreter mediated interaction The individual chapters by seven innovative researchers in the area of community based interpreting represent a pioneering attempt to look beyond stereotypical perceptions of interpreter mediated interactions First published as a Special Issue of *Interpreting* 7 2 2005 this volume offers insights into the impact of the interpreter whether s he is a trained professional or a member of the patient s family including ways in which s he may either facilitate or impair reliable communication between patient and healthcare provider The five articles cover a range of settings and specialties from general medicine to pediatrics psychiatry and speech therapy using languages as diverse as Arabic Dari Farsi Italian and Spanish in combination with Danish Dutch English and French

Bilingual Health Communication Elaine Hsieh, 2016-02-05 Winner of the NCA Health Communication 2021 Distinguished Book Award This book examines interpreter mediated medical encounters and focuses primarily on the phenomenon of bilingual health care It highlights the interactive and coordinated nature of interpreter mediated interactions Elaine Hsieh has put together over 15 hours of interpreter mediated medical encounters interview data with 26 interpreters from 17 different cultures languages 39 health care providers from 5 clinical specialties and surveys of 293 providers from 5 clinical specialties The depth and richness of the data allows for the presentation of a theoretical framework that is not restricted by language combination or clinical contexts This will be the first book of its kind that includes not only interpreters perspectives but also the needs and perspectives of providers from various clinical specialties *Bilingual Health Communication* presents an opportunity to lay out a new theoretical framework related to bilingual health care and connects the latest findings from multiple disciplines This volume presents future research directions that promise development for both theory and practice in the field
