**Summary of 10% Happier by Dan Harris** QuickRead, Lea Schullery, Learn How to Tame the Voice in Your Head Reduce Stress Without Losing Your Edge and Find Self Help that Actually Works Have you ever experienced anxiety Perhaps you ve experienced anxiety so crippling that you subsequently have a panic attack Has this ever happened to you in front of millions of people Well it has to Dan Harris After having a nationally televised panic attack Dan knew it was time to make some change in his life From then on Dan began a journey seeking to quiet the incessant insatiable voice inside his head The internal narrator begins as soon as he wakes up and heckles him all day long It s the same voice that tells you to continue eating even when you ve had enough and prompts you to lose your temper even when you know you shouldn t To help calm and control that voice Dan Harris has turned to meditation If you re anything like Dan you might be thinking that meditation is exclusively for bearded swamis unwashed hippies and fans of John Tesh music But as Dan learned meditation is for everyone and can have profound effects on both your mental and physical health As you read you ll learn how meditation makes you more productive why your ego is to blame when you lash out at your spouse and how separating from your emotions will help you control your ego Do you want more free book summaries like this Download our app for free at <https://www.quickread.com> App and get access to hundreds of free book and audiobook summaries **DISCLAIMER** This book summary is meant as a preview and not a replacement for the original work If you like this summary please consider purchasing the original book to get the full experience as the original author intended it to be If you are the original author of any book on QuickRead and want us to remove it please contact us at [hello@quickread.com](mailto:hello@quickread.com)

**Be Happier in One Hour**  
D.E. Hardesty, 2015-04-06 This book teaches you how to be happier in one hour so that you can start enjoying better relationships better health more success and a longer life all from learning how to be happier This book shows you how you can be happier right now without anything else changing in your life This is the second book by D E Hardesty author of Finding Your Power to Be Happy Seven Practices to Bring Unconditional Happiness into Your Life In this book the author reduces his seven practices for happiness into a book that can read in an hour Included in this book are simple exercises to start these practices immediately At the end of an hour anyone who reads this book and tries the exercises can be happier The premise of this book and his first book is that happiness is natural to us It is already inside of us waiting to be released We only have to turn our attention to it Like a light switch we only have to learn to turn it on and keep it turned on Real happiness does not depend on the circumstances of your life You can be happier right now without anything changing in your life If everything in your life is going great you can be happy If everything in your life is going wrong you can be happy Rich poor old young male female blue collar white collar pink collar no collar you can be happy Learning to be happy may be the most important thing we can do in life It may even be the purpose in life What psychologists have found is that compared to those who are not happy happy people have better relationships and better health they are more successful and they live

longer Children are born happy and we expect see them playing and being happy We do not expect so much happiness when we leave childhood However the power to be naturally happy that we knew as children is still there it never left This aim of this book is to help you find it again
