I was a fifty year old woman who hated and feared everything. I was a recovering alcoholic of thirteen years. I had been married and divorced three times. I had failed at being a Mother Mother in law Grandmother Daughter Aunt and Sister. My life still was in total turmoil. I had low self esteem felt worthless and had lived a life of abuse. The abuse was not only from others but also from me to me. After thirteen years of sobriety I felt my life was no better than when I was drunk. I felt useless and had even contemplated suicide again. It was the day I went to see a well known medium at one of his Seminars in Virginia that changed my life forever. My journey through the Psychic Medium Study was not easy at all. There were many times I wanted to walk away from all this but I somehow would be drawn right back. It was the intent and desire of wanting this that kept me going. I wanted to learn and to give to others. I wanted to teach them what so many others along the way had given to me. I was given a second chance. I was given a new way of life. There were no Psychic Medium Awareness Spiritualist Churches Development Groups or anyone else studying the Psychic Medium Awareness locally to my knowledge at the beginning of my journey. I read studied and practiced a well known professional medium's materials to learn from including his books TV shows movies CD's tapes website resource page chat logs and interviews to gain more knowledge about Psychic Medium Awareness. Then I ventured out into other spiritual circles online participated in chats read other books and learned from others. I studied anything that had to do with the Psychic Medium Awareness. As I tell my stories I will also be speaking of others that inspired me along the way and gave me the courage to continue on my path of the Psychic Medium Studies. I tell this now because these same wonderful

people are still in my life and will be mentioned time and again in my other books They continue to help me through the good times and the bad Many people that knew me all my life could not believe I was a Medium There was so many around me at this time that did not believe in Psychic Medium Awareness We are all psychic to some degree is what I was taught Today I teach this also I hope my story will inspire others to search and find their true self as I have done and to learn exactly all they can become I was told in the beginning in Alcoholics Anonymous that I had to get to the bottom in order to be willing to get sober and stay sober Recently in a detailed reading from Alison Baughman Visible by Numbers she tells and explains in a life chart number reading how each step of my life went Not only from my past in between and present but how my life would unfold in the future Alison even told me how I would be moving forward from the day of her reading to me on the phone So far everything that was said has been totally accurate Right today I am living what she predicted Alison also told me that I had to experience everything I did to be able to help and teach others This reminds me of what my Father always said You have to walk in another man woman s shoes to truly know him her I had to experience loses struggles and trials I needed to do this and help others from my experiences to help them work through theirs I guess we could say I was to learn compassion empathy and unconditional love In the stories that follow it may seem I am scattered It was recommended to me to be more organized in the stories However the way it happened was all scattered confusing and sometimes scary I wrote what came to me in the order that it came to me I hope the ones who read this book will keep in mind that I am not the most educated person This is my fault I know I am hopeful that all who read this book will find inspiration and insight rather than focus on my writing ability and mistakes in this book I start off my book with The Fatal Plane Crash the prologue for that was when I first started seeking answers to what happened to me that night Join me in my journey and see how I found out the answer that I was searching to find for years Namaste May the Divinity in you find the Divinity in me May the Divinity in me find the Divinity in you **Online** ,1989 *Teaching Literature and Language Online* Ian Lancashire,2009 The essays in this collection illuminate the realities of teaching language and literature courses online Contributors present snapshots of their experiences with online pedagogies realizing that just as this year s technology writes over last year s the approaches and teaching tools they have pioneered will also be obscured by future innovations At the same time the volume describes models that first time teachers of online courses will find useful and provides extensive insights into online education for those who are experienced in teaching blended and open source courses R sum de l diteur *Online Information 91* David I. Raitt,1991 *Give Me That Online Religion* Brenda E. Brasher,2001-02-23 The future of online religion is now Operating online allows long established religious communities to reach the unaffiliated like never before More startling is the ease by which anyone with internet access can create new circles of faith Electronic shrines and kitschy personal Web altars express adoration for living celebrities just as they honor the memory of long departed martyrs In Give Me That Online Religion online religion expert Brenda Brasher braves a new world in which cyber concepts and technologies challenge conventional

ideas about the human condition all the while attempting to realize age old religious ideals of transcendence and eternal life As the Internet continues its rapid absorption of culture Give Me That Online Religion offers pause for thought about spirituality in the cyber age Religion s move to the online world does not mean technology s triumph over faith Rather Brasher argues it assures religion s place in the wired universe along with commerce and communications meeting the spiritual demands of Internet generations to come Literacy Online Myron C. Tuman,1992 In the midst of ideological debates in the 1980s concerning literacy an entirely different kind of revolution in the practice of literacy was occurring Everyone students teachers authors and their readers was starting to use computers to compose texts The very notions of reading and writing were being altered with the use of online library catalogues computer databases and electronic mail With access to laser printing and desktop publishing software writers were also able to control not only what they said but how it looked **The Online Teaching Guide** Ken W.
