## **Megalithic Art In Ireland Irish Treasures:**

**Megalithic Art in Ireland** Muiris O'Sullivan, 1993-01-01 Megalithic art refers to an ornamental tradition that flourished along the western edge of Europe during the Late Stone Age and Early Bronze Age. The art is characterised by carved and picked designs and examples survive on the structural stones of megalithic tombs and on pottery and other portable objects found within them. Passage tombs especially in Ireland are the classic repositories of megalithic art and the most remarkable concentration is found in County Meath in the Boyne Valley where the great mounds of Knowth, Newgrange and Dowth contain more than six hundred decorated stones. Aimed at the layperson and student this book takes megalithic art at face value placing it within its archaeological framework and attempting to open up aspects of its meaning for the benefit of the reader. From publisher description *Irish Archaeology Illustrated* Michael Ryan, 1995 *Treasures of Ireland* A. T. Lucas, 1974

**Treasures of Ireland**, 1983 **Treasures of the National Museum of Ireland** National Museum of Ireland, 2002 The National Museum of Ireland contains some of the most important Celtic and pre Celtic artefacts in the world. This survey of the highlights of the museum's collection comprises texts summarising the different periods and extended captions describing each artefact under discussion *Treasures of Early Irish Art, 1500 B.C. to 1500 A.D.* Frank Mitchell, Metropolitan Museum of Art (New York, N.Y.), 1977

**Treasures of the Boyne Valley** Peter Harbison, 2003 The River Boyne flows from west to east through the rich limestone land of County Meath about 30 miles north of Dublin. Its combination of fertile soil and navigable access to the sea has ensured that it has been inhabited continuously from the end of the Ice Age. It is one of the most historic regional areas not just in Ireland but in all of north west Europe **The Shell**

**Guide to Ireland** Michael Morris Baron Killanin, Michael V. Duignan, 1989 The main part of the book is in the form of a gazetteer. All the major sites of cultural, archaeological, historical and geographical importance in each town or village are covered. A lengthy historical introduction gives a chronological survey of Irish history from the earliest times to the present. Jacket *Books Ireland*, 1995 *Celtic Threads* Padraigin Clancy, 1999 Drawing from the pre Christian and Christian Celtic

story the collection moves through the wonders and the darknesses of the Celtic tradition. It asks Is Celtic spirituality soul food or junk food? How can it be of value today? Why is the archetypal **First Light** Robert Hensey, 2015-06-30 Newgrange in Ireland is a world famous monument not only because of its vast scale and elaborate megalithic art but also because of its renowned alignment to the sun on the winter solstice. Yet the origins of Newgrange remain somewhat mysterious. Across Ireland over two hundred similar passage tombs are found some of which are considerably older than Newgrange. These less investigated monuments reveal that the origins of Newgrange may be hidden in plain sight. A progression in the scale and sophistication of construction of these passage tombs developments in the styles of megalithic art and an increase in the scale and craftsmanship of associated artefacts may be observed which taken together indicate a lengthy process of development. In short Robert Hensey uncovers an untold history at Newgrange an island wide story of incremental changes.

over hundreds of years of a society in evolution perhaps in extremis who left behind such a rich enigmatic and patterned legacy This book not only charts the earlier history of Newgrange but addresses why it was constructed what was its purpose In the Boyne Valley through Newgrange and related sites at Br na B inne we have evidence not only of extraordinary physical accomplishments but of tremendous acts of imagination a testament to rich and developed inner worlds In this book it is proposed that the concept of an otherworld which could be embodied by and accessed through passage tombs was a central motivator in passage tomb construction from its earliest beginnings Newgrange is at the end of a long tradition of monuments dedicated to the religious needs of Neolithic communities from small scale monuments built by early farming groups to potent otherworld centres of ritual training at the edge of society eventually to temple like monuments standing at the very heart of the religious and political sphere in Neolithic Ireland Challenging both orthodox archaeological opinions and popular conjecture this will be an important book for anyone interested in Neolithic archaeology
