The Great Lakes at Ten Miles an Hour Thomas Shevory, 2017-10-24 The Great Lakes are a remarkable repository of millions of years of complex geological transformations and of a considerably shorter crowded span of human history Over the course of four summers Thomas Shevory rode a bicycle along their shores taking in the stories the lakes tell of nature's grandeur and decay of economic might and squandered promise of exploration colonization migration and military adventure This book is Shevory's account of his travels shored up by his exploration of the geological environmental historical and cultural riches harbored by North America's great inland seas For Shevory and his readers his ride is an enlightening unfailingly engaging course in the Great Lakes place in geological time and the nation's history Along the northern shore of Lake Huron one encounters the scrubbed surfaces of the Canadian Shield the oldest exposed rock in North America Growing out of the crags of the Niagara Escarpment which stretches from the western reaches of Lake Michigan to the spectacular waterfalls between Erie and Ontario are the white cedars that are among the oldest trees east of the Mississippi The lakes offer reminders of the fur trade that drew voyageurs to the interior the disruption of Native American cultures major battles of the War of 1812 the shipping and logging industries that built the Midwest the natural splendors preserved and exploited and the urban communities buoyed or buried by economic changes over time Throughout The Great Lakes at Ten Miles an Hour Shevory describes the engaging characters he encounters along the way and the surprising range of country and city landscapes bustling and serene locales that he experiences making us true companions on his ride

Journey on the Crest Cindy Ross, 1987 Cindy Ross does not claim to be a heroine Her book is about the fear of an ordinary person doing extraordinary things It is good to read of someone who is just crammed full of courage guts spirit and determination Smoke Blanchard Walking Up and Down in the World Cindy Ross had already hiked the 2000 mile length of the Appalachian Trail when hoping to escape a deadening daily routine and sort out her life she returned to the wild But this time it was a more rugged arena the Pacific Crest Trail a mostly mountainous

2600 mile route from Mexico to Canada vastly different from the relatively gentle well traveled Appalachian Trail Her trip began badly in the California desert where the hiking partner she had selected from an advertisement proved to be totally inexperienced and so strange that they parted company the first day Continuing alone Ross soon became the de facto leader of a motley ever changing crew of PCT walkers that came to be known as Cindy s Circus Long rugged hiking days produced physical ailments and strong emotions but in confronting and surmounting these challenges Ross grew in strength After many months and several major changes in her life Ross beat fall snows and storms to reach the Canadian border More than the end of the trail this was also a symbolic milestone in her life In narrating her story Ross deftly brings the reader into the physical and emotional landscape of long distance hiking Her cast of Crest characters is sharply drawn in both words and sketches
