Dhabi's royal family worth an estimated 500 billion lives off the sweat of the city's migrant workers who subject themselves to danger and poverty under barely observed labor laws. But now the city is making an international splash with a showy investment in tourism arts and culture perhaps signaling a change to a more open tolerant state. As this sparkling city surges into the future it devotes just as much energy to concealing its past. Tatchell looks not only at history and social issues the ancient system of tribal organization the condition of the city's million foreign workers the emergence of women in Emirati society but also her own experiences as both a child and adult in this fascinating city that has radically changed and in other ways stayed the same
