Mimetic Criticism And The Gospel Of Mark An Introduction And Commentary:

Mimetic Criticism and the Gospel of Mark Joel L. Watts, 2013-02-01 What if the story of Jesus was meant not just to be told but retold molded and shaped into something new something present by the Evangelist to face each new crisis The Evangelists were not recording a historical report but writing to effect a change in their community Mark was faced with the imminent destruction of his tiny community a community leaderless without Paul and Peter and who witnessed the destruction of the Temple now another messianic figure was claiming the worship rightly due to Jesus The author of the Gospel of Mark takes his stylus in hand and begins to rewrite the story of Jesus to unwrite the present rewrite the past to change the future Joel L Watts moves the Gospel of Mark to just after the destruction of the Temple sets it within Roman educational models and begins to read the ancient work afresh Watts builds upon the historical criticisms of the past but brings out a new way of reading the ancient stories of Jesus and attempts to establish the literary sources of the Evangelist

A Critical and Exegetical Commentary on the Gospel According to St. Mark Ezra Palmer Gould, 1896 [A Critical and Exegetical Commentary on the Gospel According to St. Mark](#) Ezra P. Gould, 1896 *The Moral Life According to Mark* M. John-Patrick O'Connor, 2023-11-30 M John Patrick O Connor proposes that in contrast to recent contemporary scholarship that rarely focuses on the ethical implications of discipleship and Christology Mark's Gospel as our earliest life of Jesus presents a theological description of the moral life Arguing for Mark's ethical validity in comparison to Matthew and Luke O Connor begins with an analysis of the moral environment of ancient biographies exploring what types of Jewish and Greco Romanic conceptions of morality found their way into Hellenistic biographies Turning to the Gospel's own examples of morality O Connor examines moral accountability according to Mark including moral reasoning the nature of a world in conflict and accountability in both God's family and to God's authority He then turns to images of the accountable self including an analysis of virtues and virtuous practices within the Gospel O Connor concludes with the personification of evil human responsibility punitive consequences and evil's role in Mark's moral landscape **Ancient Education and Early Christianity** Matthew Ryan Hauge, Andrew W.
