Ocean Politics And Policy

Making Ocean Policy Francis W. Hoole, 2019-03-12 Written in response to the increasing interest in the making of ocean policy this collection of original articles surveys the history of U S ocean policy ocean policy advocacy and the struggle within government to determine how best to develop and implement a sensible ocean policy The increasing complexity of the issues programs and policies related to marine and coastal zone matters and the increasing number of government agencies and interest groups formed to deal with these matters reflect the growing awareness of their importance But reflect the editors in an enormously complex world where many interests are in conflict and where information is tentative and incomplete yet often overwhelmingly abundant there are few easy solutions to ocean policy problems

Climate Change

and Ocean Governance Paul G. Harris, 2019-02-21 Climate Change and Ocean Governance brings together authors from political science and cognate disciplines to examine the political and policy dimensions of climate change for our oceans The environmental social and economic consequences of oceanic change present tremendous challenges for governments and other actors New and innovative policies for governing oceans and seas and for managing vital marine resources have never been more important Existing national and international institutions for marine governance that were created when oceanic conditions were relatively static may not be adequate for a future characterized by continuous oceanic change Responses to oceanic change will result in winners and losers and thus will involve politics in all its manifestations This book reveals the unavoidable connections between climate change the oceans and questions of governance It provides valuable lessons for researchers policymakers and activists concerned about governing oceanic change into the future

Ocean Politics and

Policy Peter J. Jacques, Zachary A. Smith, 2003-04-15 A sweeping overview of the problems politics and policies of international and domestic management of the world s oceans The world ocean is one of the most important global resources Without it most life on earth would not survive because the ocean provides temperature regulation and produces oxygen among other vital functions However this life sustaining resource faces dangerous threats from over fishing industrial wastes oil pollution and loss of biodiversity Ocean Politics and Policy covers the major types of pollution deep sea bed mining international jurisdictional disputes and piracy examining the underlying reasons for these problems and providing practical policy suggestions for reducing their impact Special focus is placed on historical and contemporary ocean laws from the concept of freedom of the seas to the 2001 Fishery Stock Agreement Solving the problems facing the world ocean should be a high priority for the international community and this book provides a starting place for this process
