Realities of the Heart Emerson Patricio, 2013-03-21 Realities of the Heart is your emotions manifested into words It speaks for those who cannot express what they feel and for those who have more to say in the matter of love With poetry so detailed you will get the sense that it is your own feelings that they are describing Contained in this book are emotions so real and intense that you may very well be overwhelmed with them but you will see that they are necessary to convey the message that this is not a work of fiction but reality From subject matter such as admiration rejection uncertainty silence devotion even death among others you will take a trip into your own heart and mind This book is meant to serve the purpose that emotions are by no means reserved for one individual ethnicity or age group What you take away from this book is only what you get out of it What you interpret is only what you read How you feel is only what you experience What you feel is also what others feel

The Terrible 10 Burton A Abrams, 2013-10-01 The U S economy made impressive gains in the 20th century but this progress makes it easy to forget a harsh reality Americans were the victims of disastrous government policies that cost trillions of dollars in wasted resources created mass unemployment and kept millions of people in poverty who otherwise would have participated in the nation's growing prosperity A complete dissection of the 10 most egregious economic blunders of the past century this work provides the key lessons to help in avoiding such policy mistakes in the future The Terrible 10 notes that unlike the private sector when the governance of the federal

government fails the role and scope of government is usually increased and that politicians from both parties tend to favor short run benefits for friends while imposing costs on current and later generations With issues and blame divided equally among Democrats and Republicans this work stands as a highly readable history of how government economic blunders affect everyone
