have been pushed to the wall At the bottom of the economic ladder poor and working class adults aren't forming stable relationships and can't give their kids the start they need because of low wages and uncertain job prospects Toward the top professional parents' lives have become a grinding slog of long hours of paid work Meanwhile their kids are overstressed by pressure to succeed and get into good colleges In this provocative book Maxine Eichner argues that these very different struggles might seem unconnected but they share the same root cause the increasingly large toll that economic inequality and insecurity are taking on families It's government rather than families that's to blame Eichner persuasively contends Since the 1970s politicians have sold families out to the wrongheaded notion that the free market alone best supports them In five decades of free market family policy they've scrapped government programs and gutted market regulations that had helped families thrive The consequence is the steady drumbeat of bad news we hear about our country today the opioid epidemic skyrocketing suicide and mental illness rates deaths of despair and mediocre student achievement scores Meanwhile politicians just keep telling families to work a little harder The Free Market Family documents US families' impossible plight showing how much worse they fare than families in other countries It then demonstrates how politicians' free market illusions steered our nation wildly off course Finally it shows how using commonsense measures we can restructure the economy to work for families rather than the reverse Doing so would invest in our children's futures increase our wellbeing reknit our social fabric and allow our country to reclaim the American Dream Citizenship and Ethics

Thomas A. Bryer, So Hee Jeon, 2021-04-03 Scholarship is a multi-generational collective enterprise with a commitment to advancing knowledge inspiring reflection and facilitating stronger neighborhoods cities and countries This book explicitly adopts this lens as a recognition of the contributions of Prof Terry Cooper to scholarship and practice and as a mechanism to connect the past to the present and ultimately the future of scholarship in public ethics and citizen engagement This multi-generational approach is designed to reveal the persistent and future ongoing need to engage as a scholarly and practitioner community with these questions The book is broken into three main sections citizenship and neighborhood governance public service ethics and citizenship and global explorations of citizenship and ethics Unique in this collection is the explicit linkage across the main focus areas of citizenship and ethics as well as the comparative and global context in which these issues are explored Cases and data are examined from the United States Chile Thailand India China Georgia and Myanmar Ultimately it is made clear through each individual chapter and the collective whole that research on citizenship and ethics within public affairs and service has a rich history remains critical to the strengthening of public institutions today and will only increase in global significance in the years ahead **Indian Women--revisited** Devaki Jain, C.
