**Criminalizing Dissent** Rob Watts, 2019-06-25 While liberal democratic states like America Britain and Australia claim to value freedom of expression and the right to dissent they have always actually criminalized dissent This disposition has worsened since 9 11 and the 2008 Great Recession This ground breaking study shows that just as dissent involves far more than protest marches so too liberal democratic states have expanded the criminalization of dissent Drawing on political and social theorists like Arendt Bourdieu and Isin the book offers a new way of thinking about politics dissent and its criminalization relationally Using case studies like the Occupy movement selective refusal by Israeli soldiers urban squatters democratic education and violence by anti Apartheid activists the book highlights the many forms dissent takes along with the many ways liberal democratic states criminalize it The book highlights the mix of fear and delusion in play when states privilege security to protect an imagined political order from difference and disagreement The book makes a major contribution to political theory legal studies and sociology Linking legal political and normative studies in new ways Watts shows that ultimately liberal democracies rely more on sovereignty and the capacity for coercion and declarations of legal states of exception than on liberal democratic principles In a time marked by a deepening crisis of democracy the book argues dissent is increasingly valuable

**Corporate Manslaughter and Corporate Homicide** Shivam Goel, 2015-06-26 A corporation is an artificial legal person existing only in the contemplation of law having perpetual succession and common seal Can a corporation commit crime for its inability to form mens rea If yes then can it be accused of crimes as grave as homicide Even post the Bhopal Gas Tragedy and the Uphaar Cinema Tragedy absence of legislation such as the Corporate Manslaughter and Corporate Homicide Act 2007 UK is no less a pity Absolute liability theory coupled with deep pocket theory though is an improvisation over the strict liability theory but has failed to ensure corporate criminal deterrence This book is an attempt to ponder over issues relating to corporate criminal behaviour in particular corporate homicide and corporate manslaughter

A Brighter Tomorrow Thomas Crofts, 2015 A report released by Amnesty International in May 2015 highlights the alarming overrepresentation of Indigenous young people in detention in Australia It calls on the Australian Commonwealth Government to make a number of legislative changes to address this issue which the report argues are necessary to ensure Australia's compliance with its obligations under the UN Convention on the Rights of the Child The foremost area in need of reform identified in the report is the low age of criminal responsibility in Australia This note examines Amnesty International's arguments for an increase in the minimum age of criminal responsibility and agrees that the age should be raised to at least twelve
