Increasing Student Engagement and Retention Using Multimedia Technologies Laura A. Wankel, Patrick Blessinger, 2013-03-25 Multimedia and video related technologies are reshaping and reframing the practice of teaching and learning in higher education This volume critically examines new research on how multimedia technologies are being used in higher education to increase learner engagement and collaboration in and out of the classroom **Handbook of Socialization, First Edition** Joan E. Grusec, Paul D. Hastings, 2007 Reviews the knowledge on socialization processes from earliest childhood through adolescence and beyond This book presents theories and findings pertaining to family peer school community media and other influences on individual development It covers the important areas of genetics and biology cultural psychology and affective science *Creating Sustainable Careers in Student Affairs* Margaret Saltee, 2023-07-03 This book argues that the current structure of student affairs work is not sustainable as it depends on the notion that employees are available to work non stop without any outside responsibilities that is the Ideal Worker Norm The field places inordinate burdens on staff to respond to the needs of students often at the expense of their own families and well being Student affairs professionals can meet the needs of their students without being overworked The problem however is that ideal worker norms pervade higher education and student affairs work thus providing little incentive for institutions to change The authors in this book use ideal worker norms in conjunction with other theories to interrogate the impact on student affairs staff across functional areas institutional types career stage and identity groups The book is divided into three sections chapters in the first section of the book examine various facets of the structure of work in student affairs including the impact of institutional type and different functional areas on employees work lives Chapters in the second section examine the personal toll that working in student affairs can take including emotional labor s impact on well being The final section of the book narrows the focus to explore how different identity groups including mothers fathers and people of color navigate work life issues Challenging ideal worker norms all chapters offer implications for practice for both individuals and institutions Learning to Teach Foreign Languages in the Secondary School Norbert Pachler, Michael Evans, Ana Redondo, Linda Fisher, 2013-12-17 Praise for previous editions A wealth of theory research practical advice case studies and tasks in one volume Indispensable for both HEI tutors and mentors and an important book to recommend to all MFL students Language Learning Journal Presenting clear straightforward factual information on all current issues facing MFL student teachers An excellent reference guide during the first years of teaching Mentoring and Tutoring Learning to Teach Foreign Languages in the Secondary School has established itself as the leading textbook for student teachers of foreign languages in the UK and internationally The practical focus is underpinned by a theoretical perspective and backed up by the latest research encouraging you to develop a personal approach to foreign language teaching This new fourth edition has been comprehensively updated to take account of recent policy and curriculum changes and now covers a range of relevant

statutory frameworks Fully revised chapters cover the key knowledge and skills essential for becoming a foreign language teacher What can we learn from research into language teaching and learning Teaching methods and learning strategies Creating a meaningful learning environment Transition from Primary to Secondary The role of digital technologies Teaching in the target language Receptive skills and productive skills Teaching and learning grammar Planning and reflecting on classroom practice Pupil differences and differentiation Assessment for and of learning It includes many examples of how to analyse practice to ensure pupil learning is maximised together with activities and tasks to support you as you analyse your own learning and performance Learning to Teach Foreign Languages in the Secondary School provides practical help and support for many of the situations and potential challenges you are faced with in school It is an essential purchase for every aspiring secondary foreign languages school teacher *Social Networking for Language Education* M. Lamy, K.

Zourou, 2013-10-15 Social networking is now one of the ways in which anyone can set out to learn or improve their language skills This collection brings together different sets of learning experiences and shows that success depends on the wider environment of the learner the kind of activity the learner engages in and the type of learning priorities he or she has
