Reviewed by Dena Lamothe, MacEwan University

Kathy Calvert's book, "June Mickle: One Woman's Life in the Foothills and Mountains of Western Canada", is a biographical look at the life of June Hamilton. June was an only child raised by her single mom, Clara, with support from Clara's brothers John, Bob and Fred. Clara's second marriage was to a cowboy named Tip Johnson when June was a teenager. Tip, Clara and June lived on Tip's ranch until June was in her mid-twenties. At that point, she married Bert Mickle and took his name. The two were life-long lovers who shared a passion for everything related to horses. As a way to earn a living, the newlywed Mickles lived on Bert's family homestead while growing and harvesting hay which they then sold. That first haying season was difficult as June was trying to maintain a house and help with the haying, but also discovered that she was pregnant. That spring, June gave birth to a healthy baby boy they named Don. June and Bert found that caring for a young child while running a farm was difficult, but a few years after Don was born, their daughter Faye was born, completing their family. The Mickle family spent their days always looking for adventure. Bert and Don enjoyed catching and taming the wild horses that were often found in the pastures surrounding their house. Deciding to build a log cabin on their property west of Millarville was an adventure as Bert and June had to provide the cabin builders with room and board while living in sub-par conditions.
