

# MEDICAL BILLING TRAINING MANUAL

Medical billing & Coding is the process of submitting and following up on claims to insurance companies in order to receive payment.

Medical billing translates a health care service into a billing claim. The responsibility of the medical biller in a health care facility is to follow that claim to ensure the practice receives reimbursement for the work the providers perform. A knowledgeable biller can optimize revenue performance for the practice.\*

Although a medical biller's duties vary with the size of the work facility, the biller typically assembles all data concerning the bill. This can include charge entry, claims transmission, payment posting, insurance follow-up and patient follow-up. Medical billers regularly communicate with physicians and other health care professionals to clarify diagnoses or to obtain additional information. Therefore, the medical biller must understand how to read the medical record and, like the medical coder, be familiar with CPT®, HCPCS Level II and ICD-9-CM codes.

## **INTRODUCTION OF GOVT. INSURANCES**

### **A-Federal Insurance**

1. Medicare
2. Medicaid
3. Tricare
4. RR Medicare (RR-Rail Road)

### **Medicare Eligible**

Administered by, administered directly the federal government.

1. People 65 Years above
2. People Under 65 with certain Disabilities

### **For People with Disabilities and Illnesses**

No matter how old you are, if you have Lou Gehrig's disease, kidney failure, or certain other disabilities, you are eligible for Medicare. But you might have a waiting period before you can get Medicare benefits. Here are the details.

**Lou Gehrig's disease (ALS).** As soon as you get Social Security Disability benefits for ALS, you should be automatically enrolled in Medicare. There is no waiting period.

**Kidney failure.** To qualify, you must have end-stage renal disease and need dialysis or a kidney transplant. Usually, you can't get Medicare until three months after you start dialysis. Once
