**Monsters, Gender and Sexuality in Medieval English Literature** Dana Oswald, 2010 Case studies of Wonders of the East Beowulf Mandeville's Travels the Alliterative Morte Arthure and Sir Gowther reveal a shift in attitudes toward the gendered and sexed body and thus toward identity between the two periods while Old English authors and artists respond to the threat of the gendered monstrous form by erasing it Middle English writers allow transgressive and monstrous bodies to transform and therefore integrate into society This metamorphosis enables redemption for some monsters while other monstrous bodies become dangerously flexible and invisible threatening the communities they infiltrate These changing cultural reactions to monstrous bodies demonstrate the precarious relationship between body and identity in medieval literature

**Pilgrimage in Medieval English Literature, 700-1500** Dee Dyas, 2001 The meaning of pilgrimage and its development over 800 years reflected in contemporary writings Pilgrims are so frequently encountered in the pages of Middle English literature that it is

easy to take their presence and their significance for granted The pilgrimage motif is all too frequently simply accepted as a given of medieval spirituality its presence noted but its meaning seldom analysed This study therefore asks several fundamental but hitherto largely ignored questions What exactly did pilgrimage mean to medieval writers How well did various understandings of pilgrimage combine within medieval spirituality Who were the true pilgrims those who travelled to saints shrines those who withdrew into the cloister or the anchorite's cell or those who simply walked the path of daily obedience In answering these questions this wide ranging survey of the origins and development of the pilgrim motif examines the development of Christian pilgrimage through the Bible the writings of the Fathers the influences of classical pagan religion and the impulses of popular devotion It then traces the ways in which the resulting multiple meanings of pilgrimage were incorporated into medieval spirituality and literature offering fresh perspectives on Old English poetry and prose together with Middle English texts such as the Canterbury Tales Piers Plowman Pearl and the Book of Margery Kempe Dr DEE DYAS is director of the Society for the Study of Medieval Christianity and Culture *Medieval English Literature* W.P Ker, 2020-07-20 Reproduction of the original Medieval English Literature by W P Ker The Cambridge History of Early Medieval English Literature Clare A. Lees, 2012-11-29 Informed by multi cultural multidisciplinary perspectives The Cambridge History of Early Medieval English Literature offers a new exploration of the earliest writing in Britain and Ireland from the end of the Roman Empire to the mid twelfth century Beginning with an account of writing itself as well as of scripts and manuscript art subsequent chapters examine the earliest texts from England Ireland Scotland and Wales and the tremendous breadth of Anglo Latin literature Chapters on English learning and literature in the ninth century and the later formation of English poetry and prose also convey the profound cultural confidence of the period Providing a discussion of essential texts including Beowulf and the writings of Bede this History captures the sheer inventiveness and vitality of early medieval literary culture through topics as diverse as the literature of English law liturgical and devotional writing the workings of science and the history of women's writing **Greenery** Gillian Rudd, 2013-07-19 Humankind has always been fascinated by the world in which it finds itself and puzzled by its relations to it Today that fascination is often expressed in what is now called green terms reflecting concerns about the non human natural world puzzlement about how we relate to it and anxiety about what we as humans are doing to it So called green or eco criticism acknowledges this concern Greenery reaches back and offers new readings of English texts both known and unfamiliar informed by eco criticism After considering general issues pertaining to green criticism Greenery moves on to a series of individual chapters arranged by theme earth trees wilds sea gardens and fields which provide individual close readings of selections from such familiar texts as Malory's Morte D Arthur Chaucer's Knight's and Franklin's Tales Sir Gawain and the Green Knight and Langland's Piers Plowman These discussions are contextualized by considering them alongside hitherto marginalized texts such as lyrics Patience and the romance Sir Orfeo The result is a study which reinvigorates our customary reading of late Middle English literary texts

while also allows us to reflect upon the vibrant new school of eco criticism itself      *Eve's Orphans* Nikki Stiller,1980-10-24

**Literature ...** William Paton Ker,1839      *Sincerity in Medieval English Language and Literature* Graham Williams,2018-05-17 This book traces the development of the ideal of sincerity from its origins in Anglo Saxon monasteries to its eventual currency in fifteenth century familiar letters Beginning by positioning sincerity as an ideology at the intersection of historical pragmatics and the history of emotions the author demonstrates how changes in the relationship between outward expression and inward emotions changed English language and literature While the early chapters reveal that the notion of sincerity was a Christian intervention previously absent from Germanic culture the latter part of the book provides more focused studies of contrition and love In doing so the author argues that under the rubric of courtesy these idealized emotions influenced English in terms of its everyday pragmatics and literary style This fascinating volume will be of broad interest to scholars of medieval language literature and culture      **Medieval English Literature** William Paton Ker,2013
