Divestment and Sanctions BDS campaign is one of the richest and most divisive topics in the politics of knowledge today In *Boycott Theory and the Struggle for Palestine* Nick Riemer addresses the most fundamental questions raised by the call to sever ties with Israeli universities and offers fresh arguments for doing so More than a narrow study of the boycott campaign the book details how academic BDS relates to a range of live controversies in progressive politics on questions such as disruptive protest silencing and free speech the real world consequences of intellectual work the rise of the far right and the nature of grassroots campaigning Written for open minded readers the book presents the fullest justification for the academic boycott yet given considering BDS efforts on campuses around the world The opening chapters explore the fundamentals of the academic boycott campaign detailing the conditions on the ground in Palestinian and Israeli higher education and analyzing debates over the boycott and its adoption or resistance in the west The later chapters contextualize the boycott with respect to broader questions about the links between theory and practice in political change Directly rebutting the arguments of BDS s opponents *Boycott Theory and the Struggle for Palestine* demonstrates the political and intellectual soundness of a controversial and often misrepresented campaign In defending an original view of the differences between reflecting on politics and doing it in the specific context of the liberation of Palestine the book s arguments will have a resonance for many wider debates beyond the context of either universities or the Middle East

All Against All Paul Jankowski, 2020-07-02 During a single winter between November 1932 and April 1933 so much went wrong Hitler came to power Japan invaded Jehol and left the league

of Nations Mussolini looked towards Africa Roosevelt was elected France changed governments three times and the victors of 1918 fell out acrimoniously over war debts arms currency tariffs and Germany New hopes flickered but not for long a world economic conference was planned only to collapse when the US went its own way All Against All reveals that collective mentalities and popular beliefs drove this crucial period and set nations on the path to war as much as the rational calculus of national interest Weaving together stories from across the world historian Paul Jankowski offers a cautionary tale relevant for Western democracies today The rising threat from dictatorial regimes and the ideological challenges from communism and fascism gave the 1930s a unique face just as global environmental and demographic crises are shaping our own precious age

Aux origines de l'antiracisme Emmanuel Debono, 2012

Hitler et la France Jean-Paul Cointet, 2017-06-08 Une présentation exhaustive et inédite du rapport complexe qu'entretient Hitler avec la France Premier ouvrage donner la priorité la vision de la France chez Hitler ce livre novateur présente trois originalités il repose sur des documents de la main de Hitler et de son entourage il remonte la Première Guerre mondiale et aux premières publications du Führer il suit pas pas les dernières années à partir de 1940 Autant de traits d'une personnalité kalidoscopique qui reflètent en creux le visage d'une France mal remise du traumatisme de la Grande Guerre et se révélant incapable de saisir le phénomène hitlérien dans sa réalité profonde Une étude définitive bousculant clichés et idées reçues Le Figaro

Ils ont fait Hitler Wattin alexandre, 2022-06-29 Cet ouvrage n'est pas un simple livre consacré la vie du dictateur nazi Il s'agit ici de mettre en lumière celles et ceux qui ont guidé Adolf Hitler et permis ce simple caporal autrichien de mobiliser la Grande Guerre de devenir le Führer du Grand Reich allemand L'auteur a eu pour seule ambition de présenter ces nombreux protagonistes traditionnellement inconnus du grand public qui ont joué un rôle parfois considérable dans l'ascension politique du dictateur allemand ainsi que dans sa vie privée Leur vocation est essentielle pour bien comprendre l'extraordinaire parcours politique du Führer Ce travail original s'appuie sur de très nombreuses sources archivistiques en langue allemande Il étudie les tapes progressives de l'ascension au pouvoir de l'homme politique et surtout s'interroge sur le poids des complices qui l'ont soutenu et participé au succès de l'idéologie national socialiste au sein du peuple allemand Pour mettre en lumière ce processus l'auteur retrace les événements importants et les interactions des paladins avec le tribun du Nationalsozialistische Deutsche Arbeiterpartei NSDAP de 1919-1939

Commentaire, 2009

Journal de Joseph Goebbels 1933-1939 Joseph Goebbels, 2007-12-06 De 1923 la

chute du IIIe Reich Joseph Goebbels a tenu son journal Le présent volume 1933-1939 couvre les années d'installation et d'affermissement du régime hitlerien Le ministre de l'Education populaire et de la Propagande met les arts, les lettres et les médias au service exclusif du Führer et de son Etat-Parti Il excelle dans la mise en scène des coups de force de son maître en politique transgressant dans la création de grands événements la fête du Travail les congrès du NSDAP les Jeux Olympiques de 1936 et dans le lancement de campagnes de haine boycott des commerces juifs en 1933 Nuit de cristal en 1938 qui précèdent la Solution finale Goebbels qui se voit en confident et en interprète des volontés de Hitler note fidèlement ses moindres paroles s'improvise conseiller militaire et diplomatique livre une lutte sans merci aux hiérarques rivaux Jusque dans ses silences et ses mensonges son Journal offre un clairage unique de l'intérieur sur l'Allemagne du IIIe Reich *Le Figaro Magazine*, 2009

Journal des débats politiques et littéraires, 1934 *Le naufrage* Eric Roussel, 2009 Le 16 juin 1940 Bordeaux le président du Conseil Paul Reynaud 62 ans d'missionne Dans le respect des règles constitutionnelles le maréchal Philippe Pétain est chargé de former un nouveau gouvernement c'est le début du Régime de Vichy L'auteur restitue les opinions, les engagements, les arrière-pensées et les passions de cette date-clé à travers le portrait de ses protagonistes **Hitler** Ian Kershaw, 2020-01-15T00:00:00+01:00 Comment Hitler a-t-il pu prendre le pouvoir en Allemagne pays moderne complexe développé et culturellement avancé Comment a-t-il pu partir de 1933 s'imposer des cercles habitués à diriger bien loin des brutes nazies Comment a-t-il réussi à entraîner l'Allemagne dans le pari catastrophique visant à établir la domination de son pays en Europe avec en son cœur un programme génocidaire terrible et sans précédent La réponse à ces questions je ne l'ai trouvée qu'en partie dans la personnalité de l'étrange individu qui présida aux destinées de l'Allemagne au cours de douze longues années Hitler ceux qui l'admiraient comme ceux qui le dénigraient en convenaient d'une personnalité extraordinaire Il avait de grands talents de diplomate ainsi qu'un instinct qui lui permettaient d'exploiter impeccablement la faiblesse de ses adversaires On peut l'affirmer avec certitude sans Hitler l'histoire eût été différente Cela donne à penser que la clé du mystère est à chercher moins dans la personnalité de Hitler que dans les changements vécus par la société allemande elle-même traumatisée par une guerre perdue l'instabilité politique la misère économique et une crise culturelle toute autre époque Hitler serait certainement resté un nain Ian Kershaw
