Memonomics The Next Generation Economic System:

Memonomics Said Dawlabani, 2013-09 The term vMEME the superscript v is for value refers to a core value system expressed through a culture's memes i.e. its ideas habits and cultural preferences and practices that spread from person to person In MEMEnomics Said E Dawlabani reframes our economic history and the future of capitalism through the unique prism of a culture's value systems Focusing on the long term effects of economic policies on society he expands psychologist Clare W Graves concepts of the hierarchical nature of human development and the theories of value systems of Beck and Cowan's Spiral Dynamics He presents our economic history in terms of the hierarchy of five of the eight value systems or vMEMEs of human existence that we can now identify These new value preferences emerge as people interact with their environment to solve the problems of their life conditions Leader to Leader (LTL), Volume 73, Summer 2014 Bruce Rosenstein, 2014-07-08 Get insightful articles on leadership management and strategy written by today's leaders with this award winning journal Brought to you by the Frances Hesselbein Leadership Institute Leader to Leader brings together a peerless selection of world class executives best selling management authors top consultants and respected social thinkers Leader to Leader poses provocative questions that challenge your leadership assumptions and provides compelling evidence powerful enough to change your leadership thinking while offering thoughtful analysis of complex leadership issues

Emerge! Elza S. Maalouf, 2014-10 In the Middle East turmoil has spread quickly Oppression inequality and violence have been keyed in to the very makeup of its society But what causes a culture to emerge and prosper or stagnate and fail How can the people take charge of their own inalienable rights to growth freedom and life to keep from backsliding into the grasp of old unhealthy ideologies and meet their need for ascendance In Elza Maalouf's groundbreaking new book Emerge The Rise of Functional Democracy in the Middle East we are introduced to a new paradigm for governance based on Clare Graves theory of Spiral Dynamics Maalouf the founder of the Center for Human Emergence and the Build Palestine Initiative is an expert on the application of Spiral Dynamics in the Middle East By placing democracy in an evolutionary values system context that is specific to unique Middle Eastern characteristics Emerge pioneers the foundations for necessary change Where the West's approach to conflict resolution has failed due to lack of memetic understanding Maalouf's framework for decoding the complexities of the Middle East succeeds By weaving together the threads that make up the pattern of each culture Emerge shows the crucial role memes play in creating a system of governance that truly fits Not only does Emerge ask us to seek understanding before we structure and create it shows us the necessity of teaching our youth to build their own sustainable indigenous constructs 3D Management, an Integral Theory for Organisations in the Vanguard of Evolution Marco A. Robledo, 2020-06-29 If organisations are not working as well as they could it is because they are still being managed by obsolete principles rooted in the Industrial Age Until now management has been a very one dimensional discipline in which only profits mattered Having eyes fixed squarely upon the bottom line has endangered the planet

increased inequality and disengaged employees It is an unsustainable situation that calls for the radical redesign of management philosophical foundations This book shows how to liberate organisations from the constraining assumptions and structures that hold them back and how to build more conscious humane efficacious and responsible forms of enterprise 3D Management is an application of Ken Wilber's ground breaking Integral Theory that embodies the next stage of management evolution smarter nimbler wiser fairer and fitter for the forthcoming metamodern times This disruptive theory denies the imperialism of the bottom line and replaces it with a harmonic triumvirate that takes profit people planet and purpose into account equally An integral organisation is made up of three fundamental and irreducible dimensions science arts and ethics which refer respectively to the techno economical developmental and moral aspects of organisational reality These three aspects are woven together into an essential unit by the spiritual dimension which strives for unity and meaning 3D Management is a summum bonum of these four key dimensions to achieve sustainable excellence spur organisational development and create radically engaging workplaces as well as making a better world The text features more than 60 vanguard organisations harbingers of the teal consciousness that will define the future of management One thing is certain the more a truly integral business catches on the more whole and fulfilled that humanity's future will be And 3D Management will have helped pave the way from Ken Wilber's foreword
