## **Mikhail Bakhtin Routledge Critical Thinkers:**

**Mikhail Bakhtin** Alastair Renfrew,2014-11-13 Mikhail Bakhtin was one of the twentieth century's most influential literary theorists. This accessible introduction to his thought begins with the questions Why Bakhtin and Who was Bakhtin before dealing in detail with his ideas on authorship and subjecthood, language, dialogism, heteroglossia and the novel, the chronotope and the carnivalesque. True to their dialogic spirit these ideas are presented not as a fixed body of knowledge but rather as living and evolving entities as ways of approaching not only the most persistent questions of language and literature but also issues that are relevant across the full range of Humanities disciplines. Bakhtin emerges in the process as a key thinker for the Humanities in the twenty first century. *Consumption and Wealth in Luke's Travel Narrative* James A. Metzger,2007-11-30 It is suggested that because persons with access to a large surplus too often elect to spend extravagantly on their own desires and existing means of redistribution such as almsgiving and beneficence were failing to offer any lasting changes that might truly be received as good news by the poor. Jesus advocates eliminating personal wealth.

*Chuck Palahniuk and the Comic Grotesque* David McCracken,2020-10-30 With the success of *Fight Club* his novel turned movie Chuck Palahniuk has become noticed for accurately capturing the exploitation of power in America in the 21st century. With cynicism and skepticism he satirizes the manipulative aspects of ideologies and beliefs pushing society's understanding of the norm. In this work Palahniuk's characters are analyzed as people who rebel against the systems in control. Mikhail Bakhtin's theory is applied to explain Palahniuk's application of the comic grotesque theories from Louis Althusser and Slavoj Žižek to reveal aspects of ideology in Palahniuk's writing. *Reading Paul Howard* Eugene O'Brien,2023-12-22 Reading Paul Howard. The Art of Ross O'Carroll Kelly offers a thorough examination of narrative devices, satirical modes, cultural context and humour in Howard's texts. The volume argues that his academic critical neglect is due to a classic bifurcation in Irish Studies between high and popular culture and it will use the thought of Pierre Bourdieu, Sigmund Freud, Mikhail Bakhtin and Jacques Derrida to critique this division building a theoretical platform from which to examine the significance of Howard's work as an Irish comic and satirical writer. Addressing both the style and the substance of his work this text locates him in a tradition of Irish satirical writing that dates back to the Gaelic bards and it includes writers like Swift, Wilde, Flann O'Brien and Joyce. Through textual and contextual analysis this book makes the case for Howard as a significant and original voice in Irish writing whose fusion of the three traditional types of satire Horatian, Juvenalian and Menippean has created a parallel Ireland that shines a satirical light on its real counterpart. As Freud suggests humour is a way of accessing aspects of the psyche that normative discourses cannot enunciate and Howard through the confessional voice of Ross offers a fictive truth on 20 years of Irish society a truth that is not accessed by discourse in the public sphere or by what could be termed literary or high cultural fiction. *Achille Mbembe* Oliver Coates,2024-12-23 Achille Mbembe is a key thinker in contemporary African philosophy who has been influential in literary and cultural theory, African literature and postcolonial

studies Oliver Coates introduces key concepts within Mbembe's thought in relation to African history literature and philosophy. This accessible guide considers examples from African literature in Arabic, English, French and Yoruba and shows the relevance of Mbembe's thought beyond Anglophone writing. Explores how Mbembe's work relates to contemporary global events and charts Mbembe's intellectual development between Cameroon, France and the USA. Discusses core concepts from across Mbembe's career including the positioning of Africa within Western and Afro diasporic thought, the colony, post-colony, necropolitics, decolonization, Afropolitanism, technology and the environment. Reveals Mbembe's engagement with key global events including the RhodesMustFall and BlackLivesMatter movements and the call for the restitution of African objects in Western museums. Offering a clear and accessible route into what can be a complex area, this book shows the significance of Mbembe's thought across literature, history, postcolonial studies, gender studies and critical theory.

O Discurso do Outro na Linguagem do Outro Rodrigo dos Santos

Crepalde, 2020-04-13

O Discurso do Outro na Linguagem do Outro é um híbrido de energia enunciado por professores em forma inicial, pretendendo ser uma contribuição para a compreensão de um fenômeno pouco estudado mas que se relaciona com um campo de pesquisa bem consolidado na área da Educação em Ciências. O híbrido no desenvolvimento de conceitos. Ser o apontadas novas possibilidades interpretativas para o ensino e aprendizagem de conceitos científicos a partir do diálogo entre de um lado o problema do desenvolvimento de conceitos e de outro o processo de construção híbrida de enunciados. O interesse pelo fenômeno da hibridização de discursos decorre da necessidade de os estudantes aprenderem conceitos científicos que transporem fronteiras culturais entre o conhecimento científico e o conhecimento geral da vida cotidiana. Nesse percurso investigativo assume-se como referência a abordagem socioideológica da linguagem para compreensão das relações entre sujeito, seu psiquismo e os artefatos culturais, tais como a linguagem que mediam sua atividade. Apoiado em Bakhtin, a partir da premissa de que na vida social os discursos são constituídos por diferentes vozes e por diferentes linguagens sociais, e que essas vozes muitas vezes se fundem, intercalam-se ou são imbricadas em enunciados híbridos. Nesta obra, procura compreender o processo de construção de enunciados híbridos no desenvolvimento do conceito de energia e suas implicações para o ensino e aprendizagem de ciências. A compreensão dos híbridos tem o potencial de indicar a apropriação ativa e responsável do discurso científico o que raramente é percebido nos processos de ensinar e aprender ciências.

*Creating Democracy* Charles

Hersch, 2025-02-03

Creating Democracy brings into dialogue for the first time two important theorists of democracy: Hannah

Arendt 1906 75 and Mikhail Bakhtin 1895 975 Their shared conception of democracy stemming from their encounters with totalitarian governments Nazi Germany for Arendt and Stalinist Russia for Bakhtin and the rise of authoritarian populism in both Europe and America make their ideas more relevant than ever Charles Hersch contends that Arendt and Bakhtin have a unique vision of democracy that centers on creation and creativity These two thinkers imagine a world that both makes room for the cultivation and expression of each person's individuality and facilitates healthy interdependence one that does not reduce us to sameness They also describe the many threats to such a humanistic world whether ideological social or political Creating Democracy also makes a unique contribution to debates in political theory about the possibility of freedom in modern society Offering an alternative to poststructuralism and liberalism Arendt and Bakhtin show us how in a variety of complex ways subjects who are influenced by their culture especially by the language in which they speak and think can nonetheless help construct themselves and the world For both thinkers humans are meaning making beings who shape the world primarily through language even as it shapes us This book brings to light a rich vision of democracy that is sorely needed in a time when authoritarianism threatens us more than it has in decades Students and scholars in political science cultural studies and literature will all find this book indispensable Mikhail Bakhtin Michael Gardiner,2003
