**Militant Islam** Godfrey H. Jansen, 1979 G H Jansen's analysis examines the militancy of Islam from 1800 to the present emphasizing the resurgence of that militancy in the last decade. He shows us the traditionalists such as the Ayatollah Khomeini of Iran and General Zia of Pakistan who want to take Islam back to strict adherence to the precepts of the Koran the men of religion anxious to maintain the status quo and the reformers trying to adapt the faith to the demands of the modern world. Back cover **The New Threat** Jason Burke, 2017-03-07 From Syria to Somalia from Libya to Indonesia from Yemen to the capitals of Europe Islamic militancy appears stronger, more widespread and more threatening than ever. In **The New Threat** prizewinning frontline reporter Jason Burke cuts through the mass of opinion and misinformation to explain the nature of the threat we now face. Shortlisted for the Orwell Prize **The New Threat** offers insight into the rise of ISIS and other groups such as Boko Haram which together command significant military power rule millions and control extensive territories. Elsewhere Al Qaeda remains potent and is rapidly evolving. As a new generation of Western extremists emerges as seen by the horrifying attacks in Paris and Brussels as well as the lone wolf operatives in the United States Burke argues it is imperative that we understand who these groups are and what they actually want **Radical Islam in Central Asia** Vitaly V. Naumkin, 2005-03-03 This original study by distinguished scholar Vitaly V Naumkin offers an authoritative analysis of the key militant Islamic organizations in Central Asia. Long veiled in secrecy the Islamic Movement of Uzbekistan Hizb ut Tahrir al Islami and the Islamic Revival Party of Tajikistan are illuminated here for the first time. Drawing on his extensive fieldwork and an unprecedented array of Central Asian primary sources the author thoroughly compares their doctrines power bases and political practices. The book also explores the history of political Islam in Central Asia and explains the concurrent roots of Islamic militancy from the early disputes between Salafis and traditionalists through the period of Islamic revival in the late 1980s when radical groups first emerged and up to their growing strength today. Naumkin analyzes the human dimension in Central Asian Islam through the lives of the most significant theologians mullahs underground preachers and teachers in the region evaluating their role in the spread of Islamic radicalism. Providing fresh insight into the balance between peaceful and militant means of struggle for power used by Islamic movements the author considers into the possibility of dialogue with the Islamists and the outcome of the Tajik experiment that brought former Islamic radicals into the government. All those interested in the development of political Islam will find this study an invaluable resource **The Enemy of My Enemy** George Michael, 2006 In the violent world of radical extremists the enemy of my enemy is my friend. This study reveals how that precept plays out in the unexpected bonding between militant Islam and the extreme right in America and Europe. It provides an insightful and sane look at the possibilities for collaboration between these groups.
