

# WOODEN HOUSE

**Y**ou may need to build a house to protect yourself and your possessions in Survival mode, or you might want to build a beautiful cottage in Creative mode. Whatever your requirements, houses are one of the most important constructions to get right.

## CONSTRUCTION MATERIALS

First, create a simple 5-block-tall outline using cobblestone blocks. Add a slight overhang at the front for an entrance and a slight dip in the back for a rear porch.

Build up the first-floor walls, keeping in mind how high you'd like your ceiling to be. We recommend at least 1 or 2 blocks of space above your head so it doesn't feel too cramped. Fill in your first floor using wood planks.

## DIFFICULTY RICK

Build up the second-floor walls in wood planks to complement the first floor. It's often easier to fit in the stone walls than to add any more blocks out to add windows. Add in your second floor using wood planks followed by a handy wooden staircase.

## TOOL TIPS

Use an axe with a single wooden plank from a wood plank.

Use glass blocks to create windows and wood planks to define the edge of your house. Add 2 sets of wooden double doors to the entrance and let the light in all up at night. Finally, lay out your rooms and decorate your house.
