Metaverse Communication Prasanna Bhattathiri, 2025-01-03 *Metaverse Communication Redefining Connections* delves into the transformative potential of the Metaverse. This book explores whether the Metaverse can truly become a space for life-changing experiences and interactions surpassing the current Internet. We define the Metaverse as a shared 3D virtual space that combines elements of the digital and physical worlds. This book examines whether technology can overcome infrastructure challenges, corporate greed, and physical limitations to create a continuously shared virtual universe. We highlight key industry insights such as Facebook's rebranding to Meta and its significant investment in the Metaverse. With predictions like Bloomberg's estimate of an 800 billion Metaverse market by 2024, the book discusses the enormous economic and social potential of this new frontier. *Metaverse Communication Redefining Connections* provides a clear authoritative guide to understanding the Metaverse, its applications, and its implications for the future of communication and interaction.

Research Anthology on Virtual Environments and Building the Metaverse Management Association, Information Resources, 2022-12-19. With the advent of virtual environments and communities, the metaverse has been rapidly expanding in recent years as businesses and industries have begun to see the value and opportunities this technology provides. In order to ensure this technology is utilized to its full potential, further study on the best practices, challenges, and future directions is required. *The Research Anthology on Virtual Environments and Building the Metaverse* considers the latest research regarding the metaverse and discusses potential issues and benefits of the technology. The book also examines strategies and tactics businesses and companies can use when implementing the metaverse into their operations. Covering key topics such as immersion, augmented reality, and virtual worlds, this major reference work is ideal for computer scientists, business owners, managers, industry professionals, researchers, scholars, academicians, practitioners, instructors, and students.
