Online Dying Forget Palestine Foundations Policy:

The Imperialist Question in Middle East and North Africa Matteo Capasso, Ali Kadri, 2025-10-27 This book reveals how today's devastating conflicts across Gaza, Syria, and the broader Middle East represent imperialism in its most destructive form. Leading Area Studies scholars move beyond fragmented analyses to examine how US-led imperial power functions as a comprehensive system from Tunisia's financial dependency to the weaponization of feminist discourse in justifying violence. Central to this analysis is the concept of accumulation by waste, demonstrating how systematic destruction has become imperialism's primary mechanism for maintaining regional control. Through diverse case studies spanning North Africa to the Arabian Peninsula, the authors illuminate how military interventions, financial domination, and ideological warfare work in concert to preserve Western hegemony. Yet this collection also documents emerging alternatives from Palestinian resistance in Gaza to China's development model. Pathways beyond imperial control are taking shape. This book is essential reading for anyone seeking to understand the forces shaping our world and the struggles necessary to transform it. This volume speaks to students, scholars, and policymakers across International Relations, Political Economy, Marxist Studies, Middle Eastern Studies, and Critical Security Studies. Originally published as a special issue of *Middle East Critique*, this edition features three additional chapters and a thoroughly updated introduction that addresses recent developments across the region.

Our Palestine Question Geoffrey Levin, 2023-01-01 A new history of the American Jewish relationship with Israel focused on its most urgent and sensitive issue: the question of Palestinian rights. Provides an essential backstory to one of the keenest debates today within Jewish communities. Kenan Malik, The Guardian. American Jews began debating Palestinian rights issues even before Israel's founding in 1948. Geoffrey Levin recovers the voices of American Jews who, in the early decades of Israel's existence, called for an honest reckoning with the moral and political plight of Palestinians. These now-forgotten voices, which include an aid worker turned academic with Palestinian Sephardic roots, a former Yiddish journalist, anti-Zionist Reform rabbis, and young left-wing Zionist activists, felt drawn to support Palestinian rights by their understanding of Jewish history, identity, and ethics. They sometimes worked with mainstream American Jewish leaders who feared that ignoring Palestinian rights could foster antisemitism, leading them to press Israeli officials for reform. But Israeli diplomats viewed any American Jewish interest in Palestinian affairs with deep suspicion, provoking a series of quiet confrontations that ultimately kept Palestinian rights off the American Jewish agenda up to the present era. In reconstructing this hidden history, Levin lays the groundwork for more forthright debates over Palestinian rights issues, American Jewish identity, and the U.S.-Israel relationship more broadly.

Heritage and Legitimacy: Cultural Governance in Modern Iraq Madison Leeson, 2025-06-19 This book offers a cultural governance framework for the exploration of 20th-century Iraqi political history from the foundation of the Imperial Tribal School in Constantinople in 1892 until 1992, the end of the Iraq-Kuwait crisis. Case studies investigate the diversity of cultural governance as an analytical tool for historical heritage.

management from the protection of antiquities and guardianship of holy shrines to the use of heritage for corporate legitimacy the dissemination of conservation expertise throughout the Arab world and management of heritage in times of conflict This material explores negotiations of power and sovereignty between local caretakers officials of the Mandate administration members of the Iraqi and Arab intelligentsia UNESCO consultants and Iraqi state officials among others underlining the ideological pluralism of governance efforts throughout the period This research offers a historical analysis of cultural projects and programs in Iraq to consider the sociopolitical conditions that shaped their governance The material included this book is based on previously unpublished archives from the Ottoman Prime Ministry Archives Middle East and North African Newspapers Collection and UNESCO Archives among other repositories The work addresses a gap in scholarship which has neglected the role of cultural governance in heritage management and development in Iraq The primary audience is academic scholars historians and educational institutions although the book will also be of interest to individuals in Iraq in the Iraqi diaspora abroad and those with a general interest in modern Middle East studies

Redefining Genocide Doctor Damien Short, 2016-06-15 In this highly controversial and original work Damien Short systematically rethinks how genocide is and should be defined Rather than focusing solely on a narrow conception of genocide as direct mass killing through close empirical analysis of a number of under discussed case studies including Palestine Sri Lanka Australia and Alberta Canada the book reveals the key role played by settler colonialism capitalism finite resources and the ecological crisis in driving genocidal social death on a global scale **Confessions of an Illuminati, VOLUME III** Leo Lyon Zagami, 2017-04-21 BENEATH THE VATICAN THE DARKEST SECRETS ARE HIDDEN Just when you thought you learned all there was to know in the first two volumes of Leo Lyon Zagami's Confessions the revelations are deeper and even more twisted in Volume III Zagami pushes the boundaries once again with this unique and personal journey into the mysteries of the secretive world of the Illuminati In the third book of his Confessions series a variety of topics of interest are explored that are always verified with documentation Zagami gives an account of humankind's function within the grand celestial battle between the internal controllers of Earth and the external knowledge of a new generation of conspiracy researchers This is not a work of fiction but is instead an indispensable tool when used as a manual to finally understand topics never before disclosed to the public From the truth on the mythical Knights Templars and their role in events leading up to today to the Jesuits and their Vatican espionage game to the hunt for the Holy Grail in the heart of the Vatican Zagami shocks once again showing to the world for the first time the most credible candidates of the Grail mystery with proven testimony of a now declared Saint of the Catholic Church The Illuminati exist and they create religions and influence humanity with spiritual ideology and religious practices since the dawn of time They have aided individuals such as Aleister Crowley and Gerald Gardner craft the modern Witchcraft revival which hides behind a pagan image a Satanic reality in tune with today's New Age movement Zagami also continues what he calls Conspiracy Reality a way to fight back the
