Online Saint Goes West:

Saints Under Siege Stuart A. Wright, James T. Richardson, 2011-10-01 In April 2008 state police and child protection authorities raided Yearning for Zion Ranch near Eldorado Texas a community of 800 members of the Fundamentalist Church of Jesus Christ Latter Day Saints FLDS a polygamist branch of the Mormons State officials claimed that the raid which was triggered by anonymous phone calls from an underage girl to a domestic violence hotline was based on evidence of widespread child sexual abuse In a high risk paramilitary operation 439 children were removed from the custody of their parents and held until the Third Court of Appeals found that the state had overreached Not only did the state fail to corroborate the authenticity of the hoax calls but evidence reveals that Texas officials had targeted the FLDS from the outset planning and preparing for a confrontation *Saints under Siege* provides a thorough theoretically grounded critical examination of the Texas state raid on the FLDS while situating this event in a broader sociological context The volume considers the raid as an exemplar case of a larger pattern of state actions against minority religions offering comparative analyses to other government raids both historically and across cultures In its look beyond the Texas raid it provides compelling evidence of social intolerance and state repression of unpopular minority faiths in general and the FLDS in particular

Working At Night Ger Duijzings, Lucie Dušková, 2022-10-03 The night represents almost universally a special liminal or out of the ordinary temporal zone with its own meanings possibilities and dangers and political cultural religious and social implications Only in the modern era was the night systematically colonised and nocturnal activity normalised in terms of industrial labour and production processes Although the globalised 24 7 economy is usually seen as the outcome of capitalist modernisation development and expansion starting in the late nineteenth century other consecutive and more recent political and economic systems adopted perpetual production systems as well extending work into the night and forcing workers to work the night shift normalising it as part of an alternative non capitalist modernity This volume draws attention to the extended work hours and night shift work which have remained underexplored in the history of labour and the social science literature By describing and comparing various political and economic regimes it argues that from the viewpoint of global labour history night labour and the spread of 24 7 production and services should not be seen only and exclusively as an epiphenomenon of capitalist production but rather as one of the outcomes of industrial modernity

Saints and Soldiers Rita Katz, 2022-10-11 Winner 2022 Nellie Bly Book Award Chanticleer International Book Awards More than a decade ago counterterrorism expert Rita Katz began browsing white supremacist and neo Nazi forums The hateful rhetoric and constant threats of violence immediately reminded her of the jihadist militants she spent her days monitoring but law enforcement and policy makers barely paid attention to the Far Right Now years of attacks committed by extremists radicalized online including mass murders at a synagogue in Pittsburgh and mosques in Christchurch New Zealand as well as the Capitol siege have brought home the danger How has the internet shaped today's threats and what do the online origins

of these movements reveal about how to stop them In *Saints and Soldiers* Katz reveals a new generation of terrorist movements that don't just use the internet but exist almost entirely on it She provides a vivid view from the trenches spanning edgy video game chat groups to what ISIS and Far Right mass shooters in El Paso Orlando and elsewhere unwittingly reveal between the lines of their manifestos Katz shows how the online cultures of these movements far more than their ideologies and leaders create today's terrorists and shape how they commit real world violence From ISIS to QAnon *Saints and Soldiers* pinpoints the approaches needed for a new era in which arrests and military campaigns alone cannot stop these never before seen threats

God on the Internet Mark A. Kellner, 1996 Religious and computer columnist Mark Kellner begins with an overview of the Internet and various online services and moves on to more detailed descriptions of religious resources available on each service This book explains where to find everything from the Book of Mormon online to a tour of the Vatican's artwork Interspersed throughout the book are examples of how people use the Internet for religious experiences

The Advertising Red Books, 2010 **Headquarters USA**, 2003 *Western Civilization* Robert L. Lembright, 2004-08 This FOURTEENTH EDITION of ANNUAL EDITIONS WESTERN CIVILIZATION VOLUME 1 provides convenient inexpensive access to current articles selected from the best of the public press Organizational features include an annotated listing of selected World Wide Web sites an annotated table of contents a topic guide a general introduction brief overviews for each section a topical index and an instructor's resource guide with testing materials USING ANNUAL EDITIONS IN THE CLASSROOM is offered as a practical guide for instructors ANNUAL EDITIONS titles are supported by our student website www.mhcls.com online
