The Newbie Author's Survival Guide A.K. Taylor, 2016-11 After crash landing into self publishing with nothing but the clothes she had on author AK Taylor fought for survival with trying to market her books on a small budget. After two years of trial and error reworking refining and reaching out she has created the first survival guide for book marketing compiled of great tools and resources that can be used by any author during the rough times. Comparing the book marketing wilderness with the real wilderness is how Taylor viewed the publishing world around her. Growing up in the woods and learning survival skills has given her this unique viewpoint for a different kind of world. When she started her search for information a book marketing survival guide didn't exist until now. Short Have you ever been lost in the wilderness Being lost in the wilderness is more dangerous and scarier than being lost anywhere else and more things can happen. Book marketing is just like being lost in the real wilderness with pitfalls dangerous plants and animals and knowing what is needed to survive during the rough times. Using outdoor survival skills and applying them to book marketing AK Taylor has created the first survival guide for book marketing on a small budget
