Ahram, 2022-05-19 This volume of the Handbook of Usability and User Experience UX presents research and case studies used to design products systems and environments with good usability and consequent acceptance pleasure in use good user experience and understanding of human interaction issues with products and systems for their improvement The book presents concepts and perspectives of UX it also discusses methods and tools that use requirements analysis activity elicitation recording and analysis to guarantee a good user experience In addition it introduces usability and UX in the automotive industry usability and UX in a digital interface game design and digital media usability and UX in fashion design and some case studies on usability and UX in various contexts in product design We hope that this second volume will be helpful to a larger number of professionals students and practitioners who strive to incorporate usability and UX principles and knowledge in a variety of applications We trust that the knowledge presented in this volume will ultimately lead to an increased appreciation of the benefits of usability and incorporate the principles of usability and UX knowledge to improve the quality effectiveness and efficiency of everyday consumer products systems and environments

**The New Middle Leader's Handbook** Caroline Clay, James Ashmore, 2016-10-07 The New Middle Leader's Handbook is the definitive go to guide for all educators looking to take the leap into middle leadership those wanting to become better middle leaders or senior leaders seeking an authoritative manual for their school's middle leadership Innovatively organised into chapters around the school year taking readers from August to July and covering the full range of problems challenges and opportunities they face in one of the most important roles in the school and providing them with a framework to strategically plan and shape their year Readers can use the book to structure their work into manageable portions while tailoring its content to their own personal school context and its many activities and resources will provide opportunities for reflection analysis and creative thinking Operating as a practical manual and designed for easy reference the book proposes methods systems and procedures for developing a personal leadership style managing and driving dynamic change building a successful team and challenging resistance challenging underperformance of staff and students using performance management to drive improvement monitoring the quality of teaching and learning tracking and measuring progress preparing for inspection or internal review including the self evaluation process organising meetings and leading professional development including the use of the coaching model prioritising workload and maintaining a work life balance developing a strategic learning and development plan creating a culture of positive behaviour aspiration and high

expectations innovating in teaching and learning and designing a creative curriculum and curriculum enrichment In addition the book will guide those wishing to step up to middle leadership through the application and interview process providing common sense advice on the experience and skills required to become a successful middle leader At its core the book will be a source of stability for middle leaders that helps them to establish working principles that transcend changes to examinations inspection criteria or DfE guidance It offers inspiration and enable a reflective approach to the role The book is comprehensive and knowledgeable but crucially accessible written in a style that will eschew overly academic theorising trendy soundbites or patronising waffle In its final chapters it looks beyond the first year to provide guidance on long term strategic planning career development and bridging the gap between middle and senior leadership In short The New Middle Leader s Handbook will be the only book that an aspiring or current middle leader will ever need

The Handbook of Fashion Law ,2025-02-12 Over the past few years fashion law has emerged as a vibrant field of inquiry The legal and policy issues affecting the fashion sector have been investigated with increasing intensity while a growing number of private practice lawyers and in house counsel regard themselves as practising fashion law But what is fashion law And what are the specific legal challenges facing the fashion sector as well as related solutions The Handbook of Fashion Law seeks to answer these questions by bringing together multiple voices approaches and jurisdictions Its contributions are organized into four thematic areas Part I considers the legal infrastructure of the fashion and luxury industries addressing issues related to intellectual property IP as well as the demands of the circular economy protection of cultural heritage and freedom of expression and information Part II maps the IP dimensions of fashion by reviewing the application of design rights copyright trade marks geographical indications plant variety rights and trade secrets Part III analyses specific contractual issues arising in the fashion sector It examines the application of principles and rules found in regulatory frameworks including those governing advertising competition consumer and tax laws Finally Part IV dissects and evaluates the role of new and emerging technologies in the fashion sector from a legal perspective It considers concepts such as e commerce 3D printing counterfeiting artificial intelligence non fungible tokens NFTs the metaverse gaming and wearable technology The Handbook of Fashion Law offers readers a multidisciplinary and multijurisdictional understanding of legal challenges facing the fashion sector Bringing together a diverse range of experts its contributions offer readers an in depth critical and strategic understanding of the fashion industry s legal intricacies
