### Information:

This document is intended for use by authorized Nokia service centers only.

"Service Schematics" was created with Nokia service engineers.  
The purpose of this document is to provide further technical repair information for Nokia mobile phones at Level 3A service activities.  
It contains additional information such as e.g. "Component Index", "Exploded view table" or "Reference switch table".  
The "Digital Overview" page gives a quick and fast overview about the most important signals and voltages on board.  
Taking process times and improving the repair quality is the aim of this document.  
It can be used additionally to the service manual and other training  
or service information such as Service Bulletins.
