Teaching Students with Emotional and Behavioral Disabilities Brittany L. Hott, Kathleen M. Randolph, Lesli Raymond, 2020-10-23 *Teaching Students with Emotional and Behavioral Disabilities* provides a comprehensive resource for preservice and in-service educators to teach and support academic, social, and behavioral development. The text focuses on implementation of evidence-based interventions, strategies, and practices. Dedicated chapters address quality service delivery models, including individual classroom and school-wide supports. In addition, academic intervention chapters concentrate on reading, mathematics, writing, and study skills. Finally, the book includes step-by-step directions for conducting Functional Behavior Assessments (FBA), developing Behavior Intervention Plans (BIP), and monitoring student progress. The book will serve as a valuable reference for educators supporting students with challenging behaviors. Key Features: Case studies written by PreK-12 practitioners based on their experiences supporting students with emotional and behavioral disorders. Numerous worksheets and examples to support implementation of evidence-based practices. Accessible and consistent format across all chapters. Pedagogical aids reinforce understanding, chapter objectives, key terms, chapter summaries, discussion questions, and lists of additional resources and readings. Disclaimer: Please note that ancillary content such as documents, audio, and video, etc. may not be included as published in the original print version of this book.

Considering Comparison Oliver Freiberger, 2019-01-02 The comparative method is an integral part of religious studies. All the technical terms that scholars of religion use on a daily basis, such as ritual, hagiography, shrine, authority, fundamentalism, hybridity, and of course religion, are comparative terms. Yet, comparison has been subject to criticism, including postcolonialist and postmodernist critiques. Older approaches are said to have used comparison primarily to confirm preconceptions about religion. More recently, comparison has been criticized as an act of abstraction that does injustice to the particular, neglects differences, and establishes a mostly Western power of definition over the rest of the world. In this book, Oliver Freiberger takes a closer look at how comparison works. Revisiting critical debates and examining reflections in other disciplines, including comparative history, sociology, comparative theology, and anthropology, Freiberger proposes a model of comparison that is based on a thorough epistemological analysis and that takes both the scholar's situatedness and his or her agency seriously. Examining numerous examples of comparative studies, *Considering Comparison* develops a methodological framework for conducting and evaluating such studies. Freiberger suggests a comparative approach which he calls discourse comparison that confronts the omnipresent risks of decontextualization, essentialization, and universalization. This book makes a case for comparison, arguing that it is indispensable for a deeper analytical understanding of what we call religion. The book is intended to enrich the practice of both aspiring and seasoned comparativists, stimulate much-needed further discussions about comparative methodology, and encourage more scholars to produce responsible comparative studies.
