Regulating Gig Work Joellen Riley Munton, Michael Rawling, 2023-12-12

demand workers engaged through digital platforms It interrogates the rise of gig work and the legal strategies that might be engaged to deal with the risk that on demand work will fall and remain outside of employment protections It draws on observations of practices across the globe but focusses particularly on regulatory solutions developed in Australia The book will be a useful reference to policy making and legal reforms to address vulnerabilities of gig workers **Levels of**

Ambition Alex Pierce,2026-01-01 Ambition is both a gift and a curse A gift because it can elevate a human being from survival to greatness A curse because it never lets its bearer rest To live with ambition is to live with a fire that refuses to go out Today s culture often praises comfort and convenience as the highest achievements of modern life We are told that happiness is found in safety in stability in the warm embrace of the familiar Yet history has always belonged to the ambitious Civilizations rise on the backs of restless visionaries Revolutions ignite because someone refused to accept the world as it was Every invention that shaped human progress began with the question What if there is more Ambition unsettles the comfortable and comforts the unsettled It is both praised and feared celebrated and condemned Too often ambition is mistaken for greed or vanity In truth it is the universal force that compels growth Levels of Ambition is not another motivational book about thinking big It is a psychological expedition through the hidden stages of human drive Through gripping stories drawn from history science and the modern world Alex Pierce reveals how scarcity comfort and achievement each rewrite the rules of ambition and how most people become trapped long before they ever realize it For more information visit www.CursedWithAmbition.com **Introduction to Information Systems** R.
