**The Promotion Game** Pascale Hammond Lane, 2014-10-28 Medical college faculty train many years to learn a field but receive little advice on success in the world of academia While passing on knowledge and skills to new learners is rewarding attaining promotion and tenure requires another skill set Academic success can be approached as a game one with rules and strategy that those in the know can use to their advantage This guidebook provides an overview of the promotion game with special attention for clinical faculty however much of its advice will be useful for others within the academic health center as well

**Violent Video Games** Roman Espejo, 2014-12-02 While organizations such as the American Psychological Association release statements that research supports a link between violent video game use and an increase in aggressive behavior independent studies such as one by Whitney DeCamp show little or no relationship between the two Those who believe that there are no significant links caution researchers to avoid compiling evidence in a vacuum This sets the stage for a very hot debate especially amongst any of your readers who love violent video games A variety of narratives are compiled through eyewitness accounts governmental views scientific analysis and newspaper accounts so readers can decide for themselves how they feel about this issue Important facts are pulled out from the main text and highlighted so that readers can isolate details for their research or report writing

The Chinese Video Game Industry Feng Chen, Ken S. McAllister, Judd Ethan Ruggill, 2024-01-02 The recent and dramatic development of China's economy and international political muscle is especially pronounced in the country's video game industry Now the largest of its kind in the world by gross revenue the Chinese video game industry impacts every player in the global game market and has begun to directly influence the nature of the video game medium itself From its conceptualization of the player as a category and commodity to its approach to the design development and marketing of products and services the Chinese game industry is engaging in a complex innovative and fascinating reimagining of the video game as a cultural and industrial force The purpose of The Chinese Video Game Industry is to help introduce and investigate this industrial and cultural powerhouse The book's contributors array the industry across its history economics organization politics and cultures documenting its rise exploring its operational cultural and aesthetic characteristics and capturing its context vis vis the global media landscape In so doing the contributors provide a robust resource for anyone interested in studying building or even simply appreciating games

Launch! Advertising and Promotion in Real Time Michael Solomon, 2009 Launch Advertising and Promotion is written for advertising and promotion courses taught to students in the business school and journalism mass communication students This textbook is the first of its kind to teach advertising concepts by reverse engineering a real advertising campaign from beginning to end In April 2007 SS K an innovative New York City communications agency launched the first ever branding campaign for msnbc.com with the tag A Fuller Spectrum of News Launch follows that campaign from initial agency pitch through roll out of print and media assets to post campaign analysis Throughout it exposes readers to the theory and

concepts of advertising and promotion and the personalities and decisions that drove this campaign The book takes a rare look behind the curtain even letting you see some of the paths not chosen by the agency and client Students get a realistic sense of how theory plays out in practice and get a flavor for the exciting field of advertising and promotion And they consistently learn the perspectives of both the advertising agency where many journalism and communications students will work and the client where many marketing majors will work This is a unique book with a unique perspective by a unique author team and you won't find this kind of insight in any other text on the market We think you're going to love it This textbook has been used in classes at Ball State University Emerson College Florida Institute of Technology Grand Valley State University Johnson County Community College Manchester Business School McLennan Community College Michigan State University North Hennepin Community College Pierce College Rochester Institute of Technology Saint Louis University Salem State College South Dakota State University Texas State University Texas Tech University University of New Hampshire University of North Carolina University of Notre Dame University of South Florida Virginia Tech Western Kentucky University
