were rock stars and a founder with a big idea and a little drive could raise a few hundred thousand dollars to build a business. But those days are gone. In the aftermath of the Great Recession and a massive drop in tech investments, it's become harder and harder for founders to raise money. The good news? Today's entrepreneurs have more options than ever before with greater opportunities to get the ball rolling, get investors excited, and Get Funded. A comprehensive cutting-edge guide from tech journalist and entrepreneur John Biggs and communication strategist Eric Villines, *Get Funded* will enable you to create a solid business plan and a powerful story that investors respond to. Explore a wide range of funding options and find the ones that are right for you. Understand valuation and dilution. Plan, prepare, and deliver the perfect pitch. Raise money through grants, micro loans, micro donations, and crowdfunding. Take advantage of the latest online resources and financial tools. Filled with step-by-step strategies, ready-to-use resources, and on-the-ground insights, this is a must-read for every entrepreneur. Even if you've started a business before, you'll discover a whole new funding landscape with exciting tech-driven models including crowdfunding platforms like GoFundMe and Patreon, cryptocurrencies like Bitcoin, IEOs (Initial Exchange Offerings), micro loans, and micro donations, as well as more traditional tried-and-true methods. Beyond a road map to the current world of funding, *Get Funded* provides proven strategies for pitching, marketing, bootstrapping, and more. It's a complete 360-degree tool with easy-to-follow worksheets and online resources that will help you build a sustainable funding strategy that's right for your business and crucial to your success. Whether you're starting a food truck or a biotech startup, *Get Funded* has got you covered.

*Better than Alpha: Three Steps to Capturing Excess Returns in a Changing World* Christopher M.

Schelling, 2021-02-22 A powerful new approach for giving up the ghost of alpha and building an investing portfolio that meets your objectives. The concept of beating markets is just a lot of hype. Successful investors don't find alpha; they find value, and that's what this book helps you do. *Better Than Alpha* provides the perspective, insights, and tools you need to retrain your focus away from searching for alpha and toward actions that produce superior investment outcomes. Chris Schelling explains why strategies based on beating the markets are doomed to failure and provides a simple three-step framework for making better investment decisions: Behavior smart thinking, Process smart habits, Organization smart governance. He explains why the search for alpha is destined to fail, the major role behavioral finance plays in so much wasted time, effort, and money, and most important, how to avoid common mistakes and maximize your efforts. You'll gain a deeper understanding of what drives investment returns, how superstar investment managers generated excess returns in the past, and why strategies that worked in the past don't necessarily make sense today. Whether you're responsible for generating revenue streams for pensions, endowments, or foundations, mitigating insurance losses, serving as an investment consultant, or any other institutional-level investing, *Better Than Alpha* walks you through the process of minimizing the impacts of behavioral biases and making decisions that create a higher probability of meeting your objectives, whatever they may be.
