**Branding and Public Diplomacy. Attracting International Investors** Dimitrios Kamsaris,2021-11-03 Scientific Essay from the

year 2014 in the subject Politics Topic International relations grade 90 00 language English abstract For a country s success

branding is obliged that s the reason that in the present book we are going to explore what branding is and how a country

can earn benefits in the most effective way Branding nowadays is more than a logo it signifies the emotional reaction a

country can stimulate from its clients Because the brand is the set of perceptions that investors have about the country

branding is the set of actions undertaken to cultivate that brand In order to compete more effectively in the global economy

the countries started using brand management techniques In order for a country to attract global investors the country needs

to claim a divergent brand positioning in the minds of the investors The most successful nations in the world have a clear

image that helps them become irresistible to investors Investors far from just basing their decisions on functional advantages

and opportunities they invest in countries with a clear identity that shows commitment to its development in a professional

way A clear brand image for the nation helps to attract global investors in the international arena sustain them and a halo

effect will boost its products tourism etc As nations compete for investments in the global marketplace the best way to

achieve distinctiveness attractiveness and even irreplaceability is to root the nation s image on biological concepts that

transcend time and cultures Tools such as the Wheel of Motives leverage the advances in modern disciplines such as biology

neuroscience cognitive science bio semiotics etc can capture with precision the DNA of a country and build a true to self

authentic and irresistible strategy to attract investors Branding is the way a country creates a favorable reputation through

communication efforts Country branding is the process of applying business branding techniques to stimulate countries The

main objective of country branding is to build and manage the reputation of a country Facing the challenges of an

increasingly complex world the existence of cultural commonalities and universal values all cultures share and intercultural

sensitivity within groups surfaces the way for acceptance and tolerance of other cultures and allows members to be open to

values which are universal among all groups such as law and justice which globalized society should then build upon together
