Online TV Catherine Johnson, 2019-01-04 With growth in access to high speed broadband and 4G and increased ownership of smartphones tablets and internet connected television sets the internet has simultaneously begun to compete with and transform television *Online TV* argues that these changes create the conditions for an emergent internet era that challenges the language and concepts that we have to talk about television as a medium In a wide ranging analysis Catherine Johnson sets out a series of conceptual frameworks designed to provide a clearer language with which to analyse the changes to television in the internet era and to bring into focus the power dynamics of the online TV industry From providing definitions of online TV and the online TV industry to examining the ways in which technology rights interfaces and algorithms are used to control and constrain access to audiovisual content *Online TV* is a timely intervention into debates about contemporary internet and television cultures A must read for any students scholars and practitioners who want to understand and analyse the ways in which television is intertwining with and being transformed by the internet

PC World, 2009-07

Screenwriting for Profit Andrew Stevens, 2017-06-14 This book teaches readers how global trends define the marketplace for saleable screenplays in key international territories as well as the domestic market Veteran writer producer and director Andrew Stevens gives you the insider edge you need to write for the global marketplace sharing his decades of experience producing and financing everything from micro budget independent films to major studio releases In leveraging Stevens comprehensive experience you will learn how to determine specific subject matter genre and story elements to make the most of international sales trends and harness the power of these insider strategies to craft a screenplay that is poised to sell

Macworld, 2008

Media Is Us Elizaveta Friesem, 2021-06-10 Elizaveta Friesem argues that instead of being worried about media or blaming it for what's going wrong in society we should become curious about uniquely human ways we communicate with each other *Media Is Us* proposes five key principles of communication that are relevant both for the modern media and for people's age old ways of making sense of the world In order to understand problems of the contemporary society revealed and amplified by the latest technologies we will have to ask difficult questions about ourselves and to rethink not only the term media but also the concept of power Concluding with practical steps to build media literacy through the ACE model from Awareness to Collaboration through Empathy this timely book is essential for anyone who would use the new understanding of media to decrease the current levels of polarization
