Redesign Your Mind Stefan Miraglia, 2019-08-06 Have you ever played an active part in the design of your mind Do you spend time cultivating thoughts that bring you happiness For most of us the answer is no Anxiety depression and negative thinking are growing at record levels We currently spend too much of our time working on our image career diet and fitness but not enough time on our minds This book provides the insights and tools for you to create a positive mindset It is time to take control of your happiness and redesign your mind *The Anxiety Conversation* Wayne Kemp, David Hurst, 2019-01-25 A groundbreaking positive mental health book how to THRIVE rather than survive mental illness After speaking with psychotherapist Wayne Kemp for a year and seeing the increasing popularity of self help and mental health books writer David Hurst knew Wayne's experience methods and message had to be shared David was seeing a growing number of people struggling with various mental health issues such as anxiety depression addiction alcoholism OCD PTSD and bipolar But he also noted that the books being read by a vast amount of these people were talking about merely coping or surviving with their mental health struggle with no offer of any sort of solution In a series of interviews David asked Wayne more than 500 questions on all aspects of mental health Wayne's answers are astounding and life transforming His pioneering methods show that mental illness is actually the message for people to make changes that the emotional pain and the problems it brings are in fact delivering a clear communication that should be embraced in order for us to progress in the way we need They are an urging to grow so that we can live a life to its full potential Wayne explains how ignoring this or masking it with drugs prescribed or illegal is going completely the wrong way Resistance to the pain that we call mental illness is the real problem Physical pain is always for a reason that is telling us to either move away make a change and or do something differently Mental and emotional pain is exactly the same Yet the vast majority of mental health books available now offer

descriptions merely of what it's like in the dark hole of mental illness and possibly how to stop digging deeper than what to do to survive a life in the dark hole Both Wayne and David have been down deep in the dark hole and explain how to escape from it and then how to use the experience to live much more successfully with more meaning and more happiness than was ever previously known The Anxiety Conversation shows not how to survive a mental illness but how to overcome and thrive from it to become the person you're supposed to be Wayne Kemp is a leading psychotherapist with 30 years of experience in successfully treating thousands of clients in Britain Ireland Spain and around the world He has helped people suffering from every known mental health illness including severe stress anxiety alcoholism drug addiction sex addiction PTSD gambling addiction OCD bipolar ADHD schizophrenia depression and he has seen many suicidal people who have told him they wanted to end their lives yet none of these people ended their life while seeing Wayne and as far as he knows since Wayne has five grown up children He has lived in England Ireland the Middle East and Spain David Hurst is a prolific writer who has written for newspapers and magazines around the world for the past 30 years He has two young sons The death of his best friend by suicide led to a life change that saw David travelling with his family in a motorhome for the past few years around 13 countries covering 40 000 miles and visiting more than 350 friends and family He has lived in Sweden Australia England and Spain
