

Project management is a strategic capability for organizations and a popular career track for successful individuals. The Fast Forward MBA in Project Management is the ideal resource and handy guide to essential project management methods, tools, and techniques. Now in its fifth edition, the book retains its focus on excellence in project management and includes the key factors that influence project success. Designed to be practical and easy to use, this comprehensive resource is filled with the most recent ideas and time-tested strategies in the field. Author Eric Verzuh's fast project management approach—pulls the information in short, bite-sized segments that address the underlying principles, strategies, and management issues related to project management.

The revised fifth edition features new content on the skills that innovative project managers possess, as well as real-case studies that clearly demonstrate successful project management in action, and updated tips for improving outcomes. The book then moves on the discipline of change management and gives suggestions for using Agile techniques to succeed in leading Agile for change (Scrum). Project—the most commonly used software application specifically designed for planning and managing projects—is also included. In addition, the author provides resources for preparing for the Project Management Institute's Project Management Professional exam.

Step by step, the author reveals how to plan, begin, and the critical actions that bring the necessary modifications to alignment on the definition and direction of the project. The book then details the essential planning techniques and the tools that have been used by successful project managers to organize resources in order to make better decisions. Various sections that describe the components of a project that include the life and scope of project management—building a strong, committed team while at the same time making progress with the plan. The Fast Forward MBA in Project Management also contains a provider framework that individuals and organizations can adopt to assess and improve the practice of project management.

Project management is a critical discipline for navigating through today's complex and dynamic work environment. The Fast Forward MBA in Project Management is the ideal resource that includes complete introductions of key concepts, tips for applying proven strategies in the real world, illustrative case studies, extensive problem sets, and analysis of the most in-demand project management skills.
