Each profile of the 76 top M.B.A. programs includes information on the school's ranking, admissions process, test scores, the industries and companies most likely to hire the school's graduates, and graduates' expected first year salaries. *The Wall Street Journal Guide to the Top Business Schools 2006* also covers how to get hired, including the right skills, attitude and work experience, the debate over full time vs. part time degrees, the booming executive M.B.A. market, the scoop on online degrees, the top schools for women and minorities, the schools whose graduates report the highest compensation.
