

SAMPLE CASE STUDY BASED ON ACTUAL PATIENT

International Academy of Medical Acupuncture Case Studies

Case Number: 14

Patient Initials: JSW

Initial Date of Patient Consult/Treatment: January 13th, 2004

Patient Age: 43 Gender: Female Occupation: Office Manager

Subjective Patient Complaints: Adult onset asthma- Dyspnea, cough and occasional wheezing symptoms upon increased physical exertion/ exercise or "stress" situations

Onset: Three years ago insidiously, although after thorough questioning of the patient she revealed that she had lost a beloved pet and experienced much grief.

What palliates/provokes the symptoms? Provoked by exercise, emotional/physical Stress, cigarette smoke, mold, and also worse with seasonal respiratory allergies. Acute dyspnea and asthma symptoms temporarily eased with prescription bronchial inhaler medication.

Quality of symptoms: Bronchial spasm creating difficult expiration; a sensation of tightness in the chest, occasional wheezing symptoms. This patient states that on a scale of 1-10, where 10 is the best, she rates her symptoms as a three, due to the amount of interruption and disturbance to her normal daily routine.

Is there any radiation of symptoms? The dyspnea, wheezing and cough often causes neck and upper back soreness and stiffness, "tightness" sensation in chest, and occasional sore throat from the forceful coughing.

Describe the site of symptomatology: Bronchial, Lung, Chest/ Thoracic region

Time of day/ duration of symptoms: Daily episodes of dyspnea. Symptoms often worse @3-5 AM causing patient to awake coughing. Patient reports having to use medication (bronchial inhaler) at least 3-4 times a day typically associated with the above mentioned stressors.

Prior contributory health history: 1) Seasonal upper respiratory allergies, primarily Spring and Fall 2) Occasional episodes of mild eczema (dermatitis) over the last few years on hands and forearms in times of extreme grief/stress. 3) Occasional loose stools when under stress 4) Reports a history of being healthy, aside from this recent asthma problem; and athletic, involved in recreational sports. She enjoys caring for and riding her two horses but now finds difficulty exercising aerobically due to the dyspnea.

Characteristics of symptoms based upon Five Element Theory: a) Emotion of grief associated with the Lung meridian and skin conditions, as in this patients eczema. b) Patient's stress often causes loose stool, indicative of the coupled meridian association of Lung/ Large Intestine. C) The white pallored skin hue is also associated with the metal element (lung and large intestine).

Patient Case Example:

An Electronic Patient Referral Application: A Case Study from Zambia Niamh Darcy, Chris Kelley, Eileen Reynolds, Gordon Cressman, Wm. Perry Killam, 2010-03-30 Electronic medical records EMRs benefit health systems especially in low income developing countries EMR systems can give medical personnel access to patients records and can reduce time needed for data management and record keeping The report discusses the design implementation and results of an installed electronic perinatal patient referral system supporting health personnel who referred patients through a closed network Web based system in the Lusaka health district in Zambia It demonstrates how the patient referral module laid the groundwork for a larger EMR system

Semantic Perception Theory Kekang He, 2019-11-26 Based on an in depth study of children s language development theory this book puts forward the original proposition that semantic perception is the human sixth sense Presenting a detailed complete and scientific argumentation it asserts that the innateness of semantic perception has a physiological basis and that language acquisition is based on semantic perception and proposes the idea of a critical period of nurture and language growth To this end the book not only contrasts children s language acquisition processes and the process of adult speech generation and comprehension but also discusses the ability to read and write describing this important stage of children s language development and analyzing semantic perception Focusing on education and psychology it also discusses the use of semantic perception theory to instruct teaching and learning This book is a valuable resource for teachers researchers practitioners and graduate students in the fields of educational technology child development and language learning as well as anyone interested in children s language development

Clinical Supervision In The Medical Profession: Structured Reflective Practice Owen, David, Shohet, Robin, 2012-10-01 Doctors reading this book will not only be convinced of the need for medical supervision for all doctors even pathologists and coroners they will also be given a handy smorgasbord of different types of medical supervision from which to choose There may not be many ways of rekindling the spark of compassion and loving kindness that made us want to become health professionals at the start of our careers but Owen and Shohet have demonstrated that empathic supervision whether this is from fellow professionals or from peers is certainly one way of achieving this Brian Kaplan MD With a foreword by Iona Heath President of the Royal College of General Practitioners This book helps trainee and practicing doctors to develop a broader understanding of supervision Written by doctors and other medical specialists experienced in clinical supervision it gives the reader the means to enable structure and develop their reflective practice It provides practical tools to engage positively with regulatory challenges increase satisfaction at work and improve quality of care Clinical Supervision in the Medical Profession considers the reasons for clinical supervision and how it can support doctors and even transform how they engage with challenging issues The authors outline a range of ways that they have put clinical supervision into practice and how it has benefitted their work Contributors Christine Dunkley Helen Halpern Anita Houghton Sue Morrison David Owen Patricia Ridsdale Paul Sackin John

Salinsky Robin Shohet Maggie Stanton Guy Undrill and Sonya Wallbank **A Prospective Reimbursement System Based on Patient Case-mix for New Jersey Hospitals ...** New Jersey. State Department of Health,1981 *Contemporary Drug Information* Claude J. Gaebelein,Brenda L. Gleason,2008 This innovative textbook teaches the basics of drug information literature evaluation and biostatistics and relates these topics to evidence based pharmaceutical care Readers will learn what to look for in studies how to critique them and how to apply them in clinical pharmacy practice A major focus is critical appraisal of evidence derived from different types of studies cases cohorts surveys randomized controlled clinical trials pharmacoeconomic studies and systematic reviews Concluding chapters discuss clinical decision making using evidence from studies

Embracing the Melody of Term: An Psychological Symphony within **Patient Case Example**

In a world consumed by displays and the ceaseless chatter of fast connection, the melodic splendor and emotional symphony produced by the published word often fade into the back ground, eclipsed by the constant noise and interruptions that permeate our lives. However, situated within the pages of **Patient Case Example** a charming literary value overflowing with fresh thoughts, lies an immersive symphony waiting to be embraced. Crafted by a wonderful musician of language, that interesting masterpiece conducts readers on an emotional trip, well unraveling the hidden tunes and profound influence resonating within each carefully crafted phrase. Within the depths of the moving assessment, we shall examine the book is central harmonies, analyze its enthralling writing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
