Digital Virtues and Memes Alistair Davidson, 2014-11-04 Digital Virtues and Memes focuses upon the consequences of being involved with the Internet in many ways Increasingly marketers are using the Internet to test and craft creative ways of extracting money from your pocketbook Companies are building profiles of you and your activities And cybercriminals are breaking into companies and finding out too much about you Yet the Internet and mobile devices like smart phones are increasingly useful This is the first book to address best practices in defending yourself on the Internet avoiding spending too much money and regaining control of your life **Dad's Great Advice for Teens** Marc Fienberg, 2020-09-01 The perfect gift to help a teenager get happy be successful and make good decisions Being a teen ain t easy And unfortunately there aren t any classes to help navigate through those teen years Luckily Dad s Great Advice for Teens provides 25 short pieces of unorthodox Great Advice filled with humor wisdom and inspirational quotes to help teens Build confidence Be productive with their time Develop close relationships Make good decisions Take smart risks Follow their passion Trust their gut Take action toward their goals Create new positive habits Stay positive when problems arise Make a difference in the world Dad s Great Advice for Teens will help teens become the best version of themselves they can possibly be And because all the Great Advice has been researched and gathered by a dad who tested it successfully on his own teens and others you can trust that it s for real and it works Recommended reading by some of the most respected teen coaches this is a must read manual with all the stuff that every teen needs to know about friends social media drinking smoking vaping dating sex parents peer pressure dealing with gossip and being happy Get the book that teens and parents are raving about Dad s Great Advice for Teens is a great birthday or graduation gift from Dad Mom or anybody for teenage girls and teenage boys from middle school students to high school students It s the perfect self help survival and success guide for teens looking to build positive habits and get an edge up This version of the book includes bonus material from Dad s Great Advice for College Students Dad s Great Advice for Everyone Dad s Great Advice for New Drivers And a special offer inside to get a free copy of Dad s Challenge Checklist for Teens Dad s Top 10 Greatest Great Advice of All Time Take action now to get happy and successful

Internet Memes and Copyright Law Brian Chun Lok Leung, 2025-09-30 This book explores the intricate relationship between copyright law and internet meme culture challenging an assumption that copyright is a barrier to digital creativity Using the lens of internet memes to analyse copyright law in the context of participatory remix culture the book confronts a common perception that copyright is the destroyer of internet memes on social media platforms Following the European Union s Copyright Directive widely known as the Meme Ban this book critically examines whether copyright might instead be reimagined to foster rather than inhibit re creations that define internet meme culture The book argues that this culture directly challenges copyright s core assumptions and proposes a new holistic approach to copyright that distinguishes between traditional and emergent forms of creative processes Arguing for a flexible interpretation of copyright that limits

private proprietary rights in the case of internet memes it provides a legal framework to support socio cultural discourse without undermining copyright's foundational principles. Covering core copyright concepts such as authorship, idea, expression, originality, fair dealing and user rights, the book provides a compelling argument as to how copyright can adapt to the digital age as a protector of cultural expressions, ensuring that internet memes are not only preserved but celebrated. The book will be of interest to researchers in the field of copyright law, the law of emerging technologies and intellectual property law.
